SUPPLEMENT TO THE INFORMATION MEMORANDUM RELATING TO THE TERMS AND CONDITIONS OF THE FIRST EDITION OF THE “IBERDROLA RETRIBUCIÓN FLEXIBLE” OPTIONAL DIVIDEND SYSTEM CORRESPONDING TO THE FISCAL YEAR 2022

1. PURPOSE

1.1. Background

The General Shareholders’ Meeting of Iberdrola, S.A. (hereinafter, “Iberdrola” or the “Company”) held on 17 June 2022 (the “**General Shareholders’ Meeting**”) approved, under item 11 on the agenda and under the section titled «*Common terms and conditions of the dividend payment and increase in capital resolutions proposed under items 10, 11 and 12 on the agenda, by virtue of which the “Iberdrola Retribución Flexible” optional dividend system is implemented*» (the “**Common Terms**” and the “**Capital Increase Resolution**”, respectively), an increase in wholly paid-up share capital with a charge to the reserves contemplated in article 303.1 of the *Companies Act (Ley de Sociedades de Capital)*, which restated text was approved by the Royal Legislative Decree 1/2010, of 2 July (*Real Decreto Legislativo 1/2010, de 2 de julio*) (the “**Companies Act**”), by means of the issuance of ordinary shares for their free-of-charge allocation to the shareholders of the Company (the “**Capital Increase**”).

After the above-mentioned General Shareholders’ Meeting, the Board of Directors of the Company approved on the same date the implementation of the Capital Increase and resolved to set the market value of reference for the Capital Increase in an amount within the minimum of 1,716 million euros and the maximum of 1,822 million euros, which is, in any case, within the maximum limit established in the Capital Increase Resolution (*i.e.*, 1,880 million euros), and to delegate to the Executive Committee and the chairman and chief executive officer of the Company, jointly and severally, the power to determine the concrete amount of such market value of reference within the referred range.

Likewise, the above-mentioned General Shareholders’ Meeting of the Company approved under item 10 of its agenda and under the Common Terms, the payment of a supplementary dividend corresponding to the fiscal year 2021 (the “**Supplementary Dividend**”), delegating in favour of the Board of Directors the determination of the gross amount to be paid as Supplementary Dividend for each share with a right to receive it. On such date, the Board of Directors of the Company, exercising the referred delegated authority, resolved that the amount of the Supplementary Dividend shall in all cases guarantee a gross amount of, at least, 0.270 euros per share.

Within this context, the Company issued an information memorandum (*documento informativo*), pursuant to the provisions of article 1.5.(g) of the *Regulation (EU) 2017/1129 of the European Parliament and of the Council, of 14 June 2017, on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC* (the “**Regulation**”), in which information available on such date “*with respect to the first edition of the «Iberdrola Retribución Flexible» optional dividend system corresponding to the fiscal year 2022 and with the Flexible Remuneration Options*” was provided, which was made available to the public by means of a notice of other significant information (*comunicación de otra información relevante*) dated 17 June 2022 (with official registry number 16,890) (the “**Information Memorandum**”).

1.2. Purpose

This document supplements the Information Memorandum and is intended to provide the public with the information regarding the Capital Increase and the payment of the Supplementary Dividend that was not available on the publication date of the Information Memorandum, particularly, the maximum market value of reference for the Capital Increase, the number of free-of-charge allocation rights necessary to receive one new share of

Iberdrola, the maximum number of new shares to be issued by means of the Capital Increase, the maximum nominal amount of the Capital Increase and the gross amount of the Supplementary Dividend per share.

Finally, please be advised that this document, together with the Information Memorandum, constitutes the document referred to in article 1.5.(g) of the Regulation, and renders the preparation and publication of a prospectus (*folleto informativo*) with respect to the Capital Increase unnecessary. Both documents are available on Iberdrola's corporate website (www.iberdrola.com) and on the website of the National Securities Market Commission (www.cnmv.es).

Capitalised terms not expressly defined in this document shall have the meaning provided in the Information Memorandum.

2. INFORMATION AVAILABLE REGARDING THE CAPITAL INCREASE AND THE SUPPLEMENTARY DIVIDEND

2.1. Maximum market value of reference for the Capital Increase, maximum number of new shares to be issued, number of free-of-charge allocation rights needed for the allocation of one new share, and maximum nominal amount of the Capital Increase

Pursuant to the delegation of powers made by the Board of Directors on 17 June 2022, the chairman and chief executive officer of the Company has set the maximum market value of reference for the Capital Increase (the Amount of the Option) in 1,759 million euros –which amount guarantees that the gross amount of the Supplementary Dividend per share is, at least, of 0.270 euros– and has determined the following terms and conditions of the Capital Increase by performing the arithmetical operations provided for in the formulas approved by both the General Shareholders' Meeting and the Board of Directors:

- (i) The maximum number of shares to be issued by means of the Capital Increase is 173,333,333.

However, as established in the Information Memorandum, the number of shares actually issued will depend on the number of shareholders who decide not to waive their free-of-charge allocation rights. For these purposes, it will be understood that the shareholders who choose to receive the Supplementary Dividend during the Common Election Period in connection with all or part of the Company's shares held by them expressly waive all or part (as the case may be) of the free-of-charge allocation rights to which they will be entitled².

Accordingly, the only new shares that will be issued will be those corresponding to the free-of-charge allocation rights which do not correspond to Iberdrola's shares in respect of which their holders have chosen to receive the Supplementary Dividend.

In any event, the final number of shares to be issued within the context of the Capital Increase will be communicated to the public on a timely basis by means of a notice of other significant information (*comunicación de otra información relevante*) regarding the closing of such increase, which is expected to be published as from 28 July 2022.

² Likewise, if after deducting the shares corresponding to the free-of-charge allocation rights resulting from shares in respect of which their holders have chosen to receive the Supplementary Dividend, the number of outstanding Iberdrola's shares is a fraction, Iberdrola will also waive that number of its free-of-charge allocation rights that are required for the number of new shares ultimately issued under the Capital Increase to be a whole number and not a fraction.

In the event of any discrepancy between the text of this translation and the text of the original Spanish-language document which this translation is intended to reflect, the text of the original Spanish-language document shall prevail.

- (ii) The number of free-of-charge allocation rights required to receive a new share is 36.

Shareholders of the Company: (a) who acquired their Iberdrola shares before 23:59 Madrid time on the day of publication of the notice of the implementation of the Capital Increase in the Official Gazette of the Commercial Registry (which is expected to take place on 7 July 2022) –last trading date–; and (b) whose stock transactions have been settled up to 11 July 2022 (record date) in the book-entry records of “*Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal*” (IBERCLEAR), will receive one free-of-charge allocation right per each share of Iberdrola that they hold. Therefore, each of the above-mentioned entitled persons will have the right to receive one new share for every 36 old shares that they hold on 11 July 2022 (record date).

- (iii) Thus, the maximum nominal amount of the Capital Increase is 129,999,999.75 euros.

However, as indicated above, the amount of the actual increase in the Company's share capital will be the result of multiplying the final number of shares issued by their nominal value (0.75 euros).

In order to ensure that the number of free-of-charge allocation rights needed to receive one new share and the number of new shares issued within the context of the Capital Increase are whole numbers, Iberdrola has waived 12 free-of-charge allocation rights corresponding to 12 shares that it holds.

In applying the formulas approved by both the General Shareholders' Meeting and the Board of Directors to determine the foregoing items, the chairman and chief executive officer of the Company has taken into account that:

- (i) the “TNShr” or the outstanding number of shares of Iberdrola as of the date of this document is 6,240,000,000³. This number results from the implementation of the share capital reduction through the redemption of own shares approved by the General Shareholders' Meeting under item 13 of its agenda, which has been formalised by virtue of the public deed which is expected to be registered with the Commercial Registry of Bizkaia today.
- (ii) the “ListPri,” understood as the arithmetic mean of the average weighted listing prices of the Company's shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges at the five trading sessions corresponding to 29 and 30 June and 1, 4 and 5 July 2022, as such average appears in the certification issued by the Governing Company (*Sociedad Rectora*) of the Bilbao Stock Exchange on 5 July 2022, rounded to the closest one-thousandth part of one euro, is 10.147 euros.

2.2. Gross amount of the Supplementary Dividend per share

The amount of the Supplementary Dividend per share, calculated in accordance with the formulas included in the Common Terms and the referred resolutions of the Board of Directors of 17 June 2022, is 0.274 gross euros per share.

As a consequence thereof, the aggregate maximum gross amount of the Supplementary Dividend will be 1,709,760,000.00 euros, amount which results from multiplying the gross amount of the Supplementary Dividend per share by the total number of outstanding shares of Iberdrola as of the date hereof (*i.e.*, 6,240,000,000)⁴ without deducting the Company's treasury stock. Notwithstanding the above, the amount that the Company will

³ Assuming that the number of outstanding shares of the Company as of 11 July 2022 (record date) will be the same.

⁴ Assuming that the number of outstanding shares of the Company as of 11 July 2022 (record date) will be the same.

eventually have to pay arising from the Supplementary Dividend will depend on the number of shareholders who choose this Remuneration Option.

Finally, it is stated that the free-of-charge allocation rights acquired during the trading period will not grant to their holders the right to choose to receive the Supplementary Dividend. Exclusively, those shareholders who are holders of shares of the Company on 11 July 2022 (record date) will be entitled to receive the Supplementary Dividend in the context of this edition of the “*Iberdrola Retribución Flexible*” optional dividend system.

In Bilbao, on 6 July 2022.
