

KEYS TO BEING A RESPONSIBLE DIGITAL CITIZEN

1. Check information before sharing to **avoid spreading fake news.**

2. Create a sense of community, be open to conversation and **respect diverse opinions.**

3. Make responsible use of the **digital tools** we have at our disposal.

4. Understand **the impact of our online behaviour on other people.**

5. Use critical thinking and **do your research** in order to form part of the political debate.

6. Do not make, promote or **support aggressive comments** towards other people.
