

The UN roadmap for digital cooperation

Achieving **universal connectivity**
on the planet by 2030

Promoting **digital public goods** to create
a more equitable world

Ensuring the **digital inclusion** of all
people, including the most vulnerable

Strengthening **digital capacity** building
and development

Ensuring the protection of **human rights**
in the digital age

Supporting **global cooperation** on
artificial intelligence

Promoting trust and security in the
digital environment

Building a more effective architecture
for **digital cooperation**
