

Wind energy, clean, efficient and safe

Wind power instalations

■ Onshore wind
 ■ Offshore wind

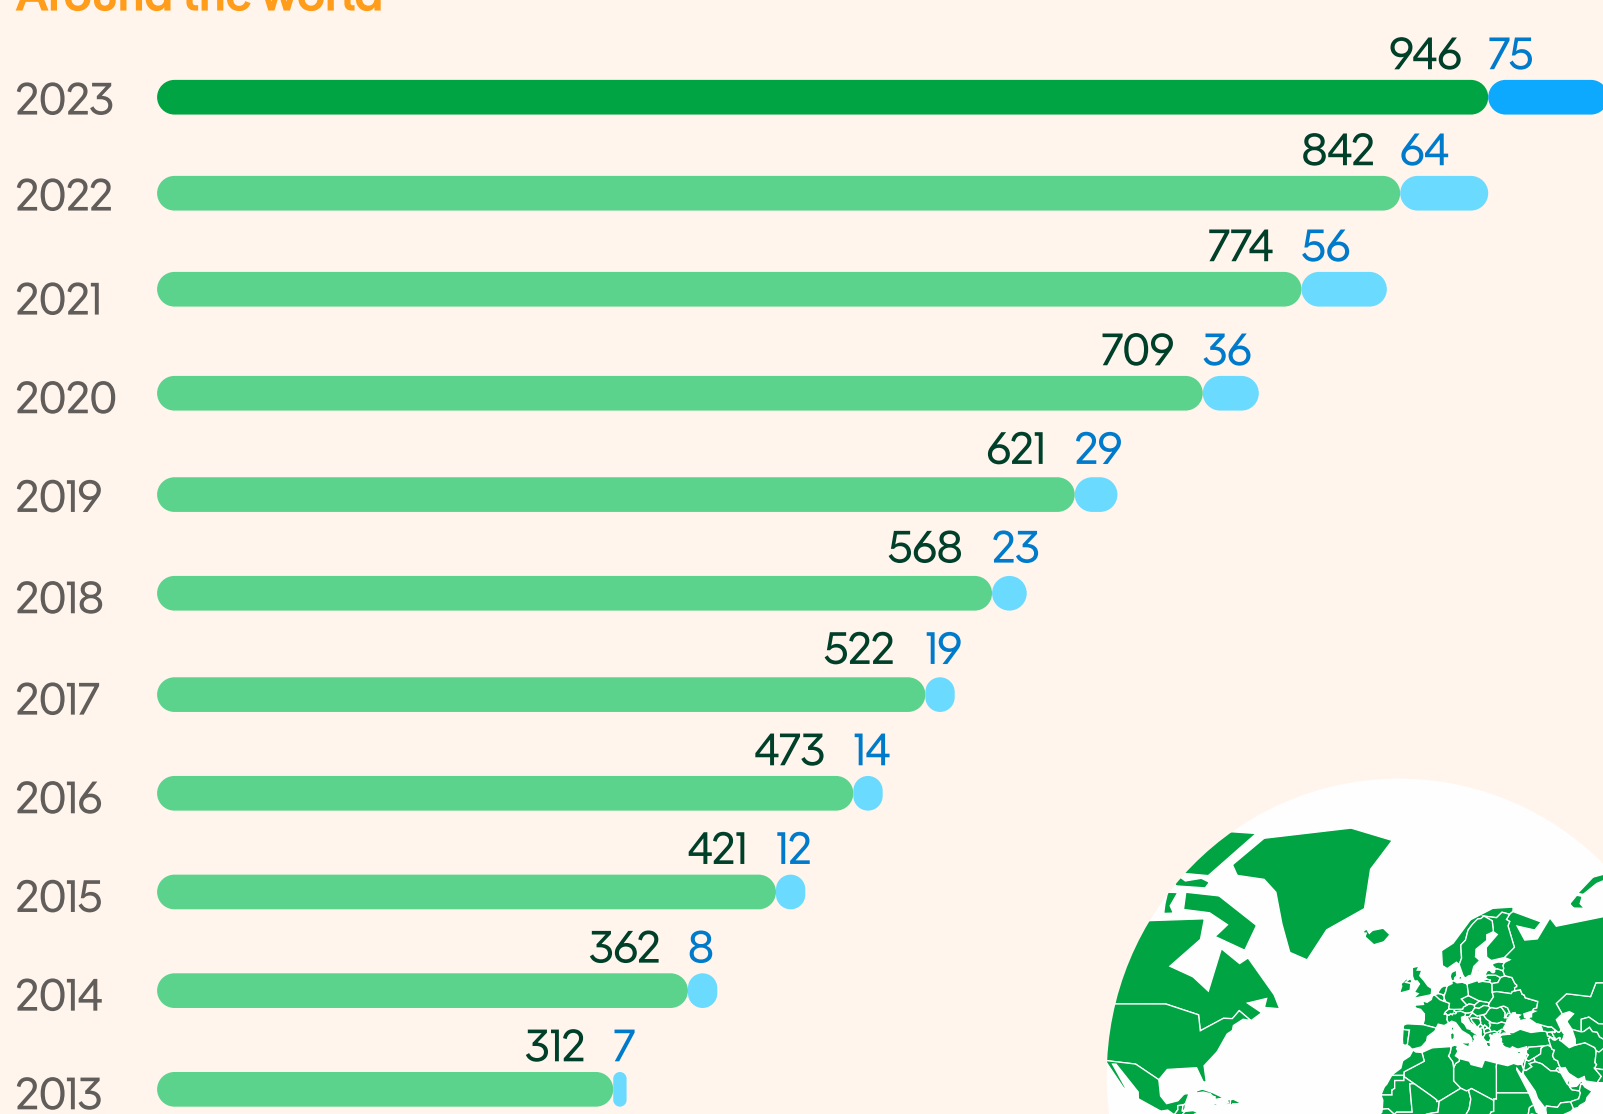

In Europe

272 GW installed wind power capacity in Europe

Source: Wind Europe, Wind energy in Europe in 2023

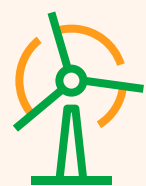

Around the world

906 GW installed wind power capacity in the world

Parts of a wind turbine

A wind turbine is a sophisticated piece of engineering. Its size means that it is built in parts and assembled on arrival at the wind farm.

We will analyse the characteristics of each of its parts.
