

== THE SDGs, PART OF THE IBERDROLA'S GROUP BUSINESS STRATEGY ==

1 NO POVERTY

- Iberdrola has signed agreements with public administrations and NGOs to **prevent interrupting power supplies to customers in a situation of vulnerability**. The agreements now cover 100% of customers.

3 GOOD HEALTH AND WELL-BEING

- The company has set a **target of zero accidents**. In order to achieve this target, it has a Strategic Occupational Health and Safety Plan.
- Throughout 2019, Iberdrola will work closely with **54 social entities, benefiting over 80,000 people through an investment of €1.5 million**.

4 QUALITY EDUCATION

- The company's contribution to this goal is materialised through the **investment of 3.7 million euros in the research grant and scholarship program for the 2017-2018 academic year**, in addition to promoting corporate training, **with 42 hours of training per employee in 2017**, in addition to its corporate volunteering projects, and the work of its foundations.

5 GENDER EQUALITY

- Iberdrola pursues over **70 leading practices in its work-life balance policies and an Equal Opportunity and Reconciliation Policy**.
- Included on the 2019 Bloomberg Gender-Equality Index (GEI) for its **commitment to gender non-discrimination**.

6 CLEAN WATER AND SANITATION

- Iberdrola positioned as **one of the utilities with the best water productivity** (revenues/water used).¹
- The company **endorses the United Nations' CEO Water Mandate to encourage sustainable practices in the use of water**.
- It has **endorsed CDP Water since its first edition**.
- The Iberdrola group makes every effort to **use water rationally and sustainably** and tackle the risks related with its scarcity.

7 AFFORDABLE AND CLEAN ENERGY

- "Electricity for all" program: **4,000,000 beneficiaries (June 2018)**.
- World leader in renewables: **29,592 MW of installed capacity at the close of Nine months 2018**.
- Energy efficiency: **63 million tons of CO2 emissions prevented in the last three years**.
- A pioneer in Socially Responsible Investments, it has become the **largest corporate issuer of green bonds in the world, with 8 bond issues for over 6,000 million euros**, which will be mainly invested in renewable energy projects.
- Iberdrola adheres to the Shire Alliance to bring **electricity to refugee camps**.

8 DECENT WORK AND ECONOMIC GROWTH

- The global value created by Iberdrola's strategy and business model leads to social and economic development over time:
 - 34,255 direct jobs**.
 - 400,000 direct and indirect jobs² around the world**.
 - €7,111 M in tax³ contributions in 2017**.
 - €8,648 M in purchases in 2017**.
 - For every euro obtained in profit, it generates €10 in GDP for the countries where it is present**.

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

- Iberdrola is the most innovative *Spanish utility*, the second in Europe and the fourth in the world with the largest volume of resources allocated to R+D+i. **More than €246 million were investment in R+D+i in 2017**.
- World leaders in smart grids**. Progress made in the STAR projects in Spain and in the SMART UK project in the United Kingdom.
- Iberdrola Sustainable Mobility Plan, with over 20 measures**.
- 2020 Digital Plan: more than 4,900 million euros**.

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

- 90% of Iberdrola's energy production uses local energy sources** available in the country in which the electricity is generated.
- Iberdrola was the **first company listed in the IBEX 35 to certify its General Shareholders' Meeting as a sustainable event in 2016**, in compliance with the ISO 20121 international standard.

13 CLIMATE ACTION

- The intensity of the company's CO₂ emissions during 2017 was 38% lower than the European average**.
- Iberdrola has **avoided 60 million tons of CO₂**.
- 67.1% of the total installed capacity of the group is emission-free**.
- Iberdrola has undertaken to **reduce the intensity of its emissions in 2030 by 50% compared to its 2007 levels and to become carbon neutral by 2050**.
- Iberdrola has already **closed 15 coal and oil plants**.

15 LIFE ON LAND

- The company runs **biodiversity protection programs in the countries in which it operates**. Prominent are the ALETEO project, the MIGRA program and the Cantabrian LIFE+ Urogallo (Capercaillie) project.
- It is a **member of the Biodiversity Pact, promoted by the Biodiversity Foundation** with the aim of highlighting the Company's commitment to preserving the environment and the sustainable use of biodiversity.
- Iberdrola obtains the first AENOR certificate for its Corporate Environmental Footprint**.
- Iberdrola Mexico receives PROFEPA's Environmental Excellence award** thanks to its effort in the Garrapatas Estuary (Altamira III and IV Combined Cycle Plants) and Feline Support projects (Altamira III and IV and Altamira V).

17 PARTNERSHIPS FOR THE GOALS

- Iberdrola is a member of and/or takes part in programs and initiatives both at the global level and in the different countries in which it operates**.
- Corporate volunteering campaign: *The SDGs and me***.
- Iberdrola renews its support to the **Women's Universe program** of the Higher Council for Sport, by means of sponsoring 15 Spanish federations. Likewise, the **Women, Health and Sport initiative** includes events held in different Spanish cities to promote women's sport.
- Iberdrola joins the youth initiative of the UN's Spanish Sustainable Development Solutions Network (SDSN Youth)**.
