

IBERDROLA, S.A.

Pursuant to section 319 of the Spanish Companies Act (*Ley de Sociedades de Capital*), we hereby inform you that the General Shareholders' Meeting of "Iberdrola, S.A." (the "**Company**") held on first call on 30 May 2025 (the "**General Shareholders' Meeting**"), approved, under item 11 of its agenda, a share capital reduction (the "**Share Capital Reduction**") by means of: (i) the acquisition of shares for their retirement through (a) the implementation of a programme for the buy-back of own shares, targeted at all the shareholders, which was approved by the Board of Directors and commenced, respectively, on 25 March and 2 June 2025 (the "**Buy-back Programme**"); and (b) the settlement of certain derivatives over its own shares contracted by the Company prior to the date on which the Buy-back Programme commenced (the "**Derivatives**"); and (ii) the retirement of own shares held in treasury following the close of the trading session on the day prior to the date on which the Buy-back Programme commenced (the "**Treasury Shares**").

In this regard, at its meeting held on 30 May 2025, and on the occasion of the launch of the Buy-back Programme, the Board of Directors of the Company approved the determination of the number of shares, of 0.75 euros of face value each, that would be retired in furtherance of the Share Capital Reduction in a maximum of: (i) 196,294,169 of the Treasury Shares existing at close of the trading session corresponding to 30 May 2025, and (ii) a maximum of 4,266,831 treasury shares that would be acquired for their retirement both through: (a) the settlement, not later than 20 June 2025, of the Derivatives entered into by the Company until the close of the trading session corresponding to 30 May 2025, as well as (b) the implementation of the Buy-back Programme of up to 4,266,831 shares.

The number of shares to be retired in the context of the Share Capital Reduction that were acquired in execution of the Buy-back Programme and by virtue of the settlement of the Derivatives may not exceed 4,266,831 treasury shares and 3,200,123.25 euros of total face value (the "**Joint Limit**"). Thus, it was approved that, in addition to the Treasury Shares, the following shares would be retired: (i) all the treasury shares acquired in execution of the Buy-back Programme, and (ii) in respect of the shares that may be acquired, if any, pursuant to the settlement of the Derivatives, a number equivalent to the difference between the Joint Limit and the shares acquired in execution of the Buy-back Programme.

Notwithstanding the foregoing, as indicated in the notice referring to the termination of the Buy-back Programme, the Company has not acquired any shares through the settlement of the Derivatives. Therefore, the Joint Limit is not applicable.

The Share Capital Reduction had to be implemented within the month following the expiration of the Buy-back Programme.

The Board of Directors of the Company, at its meeting held on 24 June 2025, resolved: (a) to set on 4,266,831 the number of shares acquired under the Buy-back Programme to be retired; and (b) to grant the executive chairman of the Company the power to declare the Share Capital Reduction closed and executed, in exercise of the powers granted to the Board of Directors by the General Shareholders' Meeting.

Using the powers mentioned above, on the date hereof, 30 June 2025, the executive chairman of the Company has decided to reduce the share capital of the Company in the amount of 150,420,750.00 euros, by means of the retirement of 200,561,000 treasury shares. The share capital of the Company resulting from the reduction has been set at 4,680,000,000.00 euros, corresponding to 6,240,000,000 shares with a nominal value of 0.75 euros each.

The aim of the Share Capital Reduction is the retirement of treasury shares in order to further strengthen the Shareholder Remuneration Policy of the Company.

NOTICE. This document is a translation of a duly approved Spanish-language document, and is provided for informational purposes only. In the event of any discrepancy between the text of this translation and the text of the original Spanish-language document which this translation is intended to reflect, the text of the original Spanish-language document shall prevail.

The Share Capital Reduction has not entailed the return of contributions, since the Company itself was the holder of the retired shares. The Share Capital Reduction has been carried out with a charge to unrestricted reserves, by means of the funding of the retired capital reserve in an amount equal to the nominal value of the retired shares, which may only be used by complying with the same requirements as those applicable to a share capital reduction, pursuant to section 335 c) of the Companies Act (*Ley de Sociedades de Capital*). The aforementioned retired capital reserve will be charged against the unrestricted reserves account named “Retained earnings”.

Consequently, in accordance with the provisions of such section, the Company’s creditors will not be entitled to assert the right of objection contemplated by section 334 of the Companies Act (*Ley de Sociedades de Capital*) in connection with the Share Capital Reduction.

In addition, we hereby inform that the Company will apply for the delisting of the retired shares in the Stock Exchanges of Madrid, Barcelona, Bilbao and Valencia, through the Automatic Quotation System (Continuous Market) and their cancellation in the accounting records held by “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.” (Sociedad Unipersonal) (IBERCLEAR).

This announcement is also available at the corporate website of the Company (www.iberdrola.com).

Bilbao, 30 June 2025, Santiago Martínez Garrido, General secretary and secretary of the Board of Directors of “Iberdrola, S.A.”.
