2. The Governance and Sustainability System is the Company’s internal system of rules, which is configured in accordance with applicable law in the exercise of corporate autonomy supported thereby and applies to all of the Group’s companies. ITEM 5.2 ON THE AGENDA

Technical improvements and update: amendment of Preamble and Articles 5, 6, 20, 25, 27, 34 and 63.

RESOLUTION

To amend the Preamble and current Articles 5, 6, 20, 25, 27, 34 and 63 of the “By-Laws”, which shall subsequently read as follows:

“PREAMBLE

Pursuant to the corporate autonomy recognised by law, these *By-Laws* govern the corporate contract by which all shareholders of IBERDROLA, S.A. (the “**Company**”), upon acquiring such status, are bound.

Having been approved in accordance with applicable law by the shareholders acting at a General Shareholders' Meeting, which is the highest governing body through which shareholders express their contractual will, they go far beyond the minimum requirements established by law and even the typical text of the by-laws of listed companies.

The *By-Laws* set the foundations for the configuration of the Company as the holding company of a multinational group made up of multiple companies, which are diversified, effectively organised and coordinated for the better advancement of the corporate object and the achievement of the corporate interest of the companies of which it is comprised and which, based on its multi-level corporate structure, combines a decentralised decision-making system, inspired by the principle of subsidiarity, with robust coordination mechanisms ensuring the global integration of the businesses of the companies within the group and the management of the risks thereof, all on the basis of an effective system of checks and balances that prevents the centralisation of decision-making power within a single governance body or a single person.

In turn, in response to its shareholders' wishes, the company is defined in the *By-Laws* as a comprehensive enterprise with three dimensions, business, corporate and institutional, that generates value and engages in pluralistic action, shared with its shareholders and with its other Stakeholders.

The *By-Laws* also constitute the foundation on which the Company's Governance and Sustainability System is built and based, that is, its own set of internal regulations, developed under its corporate autonomy, to ensure by these rules its *raison d'être* and way of being, the construction of its identity, the achievement and implementation of the *Purpose and Values of the Iberdrola Group*, the *Ethical and Basic Principles of Governance and Sustainability of the Iberdrola Group* and the sustainable creation of long-term value that satisfies the corporate interest, and makes feasible and real the social dividend that it shares with its shareholders and other Stakeholders.

Similarly, within the framework of the Governance and Sustainability System, the *By-Laws* establish a well-developed Compliance System, which is intended to prevent and manage the risk of regulatory or ethical violations or violations of said Governance and Sustainability System.

To the extent applicable thereto, the *By-Laws* of the Company and the other provisions of the Company's Governance and Sustainability System bind its shareholders, the members of its Board of Directors and of senior management, as well as the other professionals of the Company, and generally any persons validly connected thereto. All have the duty to comply with them, as well as the right to demand compliance therewith".

“Article 5. Corporate Interest

The Company conceives of the corporate interest as the common interest of all persons owning shares of an independent company, with its own distinct bylaw-based identity, focused on creating comprehensive (economic, environmental, social and governance) and sustainable value by engaging in the activities included in its corporate object, taking into account the other Stakeholders related to its business activity and consistently with its institutional reach, in accordance with the *Purpose*

and Values of the Iberdrola Group and the Ethical and Basic Principles of Governance and Sustainability of the Iberdrola Group”.

“Article 6. Social Dividend

1. The performance of the activities included in the corporate object, particularly the Company's innovation and digital transformation strategy, must be focused on the sustainable creation of value, in accordance with the *Purpose and Values of the Iberdrola Group* and with the *Ethical and Basic Principles of Governance and Sustainability of the Iberdrola Group*.
2. The Company recognises and seeks to obtain a social dividend consisting of the direct, indirect or induced contribution of value of its activities for all its Stakeholders within the framework of its sustainable development strategy.
3. The statement of non-financial information formulated by the Board of Directors and approved by the shareholders at the General Shareholders' Meeting presents the Company's social, environmental and sustainability performance, as well as the social dividend generated and shared with all its Stakeholders.
4. The Company shall promote the public dissemination of its social dividend generated, especially among its Stakeholders”.

“Article 20. Information for Shareholders upon the Call to the General Shareholders' Meeting

1. Upon the call to the General Shareholders' Meeting, the Company shall make available to its shareholders, in addition to the information and documentation required in accordance with the provisions of law, the Governance and Sustainability System and the implementing rules approved by the Board of Directors within the scope of its powers, any other additional information that the aforementioned corporate decision-making body deems necessary or simply advisable and which contributes to improving their knowledge and assessment of the matters to be examined at the General Shareholders' Meeting and the exercise of their rights in relation thereto.
2. The announcement of the call to the General Shareholders' Meeting shall state the means whereby any shareholder may obtain from the Company, without charge and on an immediate basis, the documents that must be submitted for the approval of the shareholders at such General Shareholders' Meeting, as well as, if applicable, the directors' report, the audit report and the statement of non-financial information.
3. 6. The information requested may not be denied if the request is supported by shareholders representing at least twenty-five per cent of the share capital.
7. Shareholders attending the General Shareholders' Meeting may request such information or clarifications as they deem appropriate regarding the matters set forth in the preceding section 1 within the period and on the terms determined by the Board of Directors in accordance with the provisions of law and the Governance and Sustainability System".

"Article 25. Presiding Committee, Chair of and Secretary for the General Shareholders' Meeting

1. The Presiding Committee (*Mesa*) of the General Shareholders' Meeting shall be made up of the chair of and the secretary for the General Shareholders' Meeting and the other members of the Board of Directors present at the meeting, who may attend in person or remotely.
2. Without prejudice to other powers that may be assigned thereto by these *By-Laws* or the Governance and Sustainability System, the Presiding Committee shall assist the chair of the General Shareholders' Meeting in carrying out the duties thereof.

“PREAMBLE

These *Regulations for the General Shareholders’ Meeting* (the “**Regulations**”) of IBERDROLA, S.A. (the “**Company**”) contain the regulation of the highest sovereign decision-making body, which is the shareholders acting at a General Shareholders’ Meeting, and are an essential part of its Governance and Sustainability System, in the principles of which it fully participates.

The *Regulations* are also intended to be an example of mature, robust governance, integrated into the Company’s identity, anchored in its purpose and values and focused on the creation of sustainable business value and achievement of the social dividend voluntarily shared by the shareholders with the other Stakeholders, as expressed in the *By-Laws* thereof.

On this basis, Title I of the *Regulations* frames the General Shareholders’ Meeting within the active policy of ongoing engagement of the shareholders with the Company, which is one of the channels for their participation in corporate life. As established in Title II thereof, neither the General Meeting nor the effective exercise of shareholders’ rights can be understood without the constant information that the Company offers them on corporate activities, on their status as shareholders, on the proposed resolutions to be submitted for their consideration and on other matters that may be of interest to them.

Titles III to X of the *Regulations* contain systematic and detailed regulations on the powers, call to meeting, participation, organisation, implementation, formation and holding of the General Meeting and subsequent activities, as well as on the manner of exercising shareholder rights, regardless of the method decided by the Board of Directors for holding the meeting. Title XI provides for the different forms of holding the General Meeting and the special rules thereof, and, finally, Title XII establishes

general provisions relating to the scope of application, effectiveness, publication, interpretation and amendment of the *Regulations*.

The provisions of the *Regulations* must be implemented by the Board of Directors for each General Meeting that it calls, with the scope and upon the terms provided by the *By-Laws* and the *Regulations* themselves, with the main objectives of engaging shareholders in corporate life, ensuring that they receive equal treatment if they are in the same situation and their effective participation in the General Meeting and the full exercise of their rights, regardless of the form in which it is held”.

Any items remaining from the prize draws, the promotional material or the gifts may be used for social welfare purposes.
3. The Board of Directors shall endeavour to include in the *Implementing Rules for the General Meeting* measures that facilitate accessibility and the participation in the General Shareholders' Meeting of attendees with auditory or visual impairments or other limitations and of shareholders of any age who need support to follow the meeting and for the exercise of their information and voting rights.
4. 3. The shareholders acting at the General Shareholders' Meeting may revoke such authorisation.
4. The Board of Directors may request the presence of a notary public to assist with and draw up the minutes of the General Shareholders' Meeting. In any event, the Board must request the presence of a notary public under the circumstances provided by applicable legal provisions.

Article 27. Right to Proxy Representation

1. Shareholders may exercise the right to attend personally or through proxy representation by another person, whether or not such person is a shareholder, by complying with the requirements of applicable legal provisions and the Governance and Sustainability System.

2. The proxy may be granted by delivering to the Company the proxy and absentee voting card or any other means of verifying the grant of a proxy that is accepted thereby, or by any of the following means, as determined by the Board of Directors:
 - a) By means of communication from financial intermediary and management institutions and depositaries to the Company of the instructions received from shareholders who have deposited their shares therewith. These financial institutions may provide the Company with the instructions received from their customers in the most appropriate format and through any valid system or means of remote communication.
 - b) Through the proxy form available on the Company's corporate website, using the instant authentication systems implemented by the Company, recognised electronic signature of the shareholder or other type of guarantee that the Company deems proper to ensure the authenticity and identification of the shareholder granting the proxy.

For these purposes, the use of the personal passwords that the Company has previously delivered to the shareholder by postal or electronic correspondence to the address communicated thereto or through any other form determined by the Board of Directors shall be deemed to be a proper assurance.

- c) Advance delivery of the proxy and absentee voting card or any other means of verifying the grant of a proxy that is accepted by the Company at the premises provided by the Company on the days announced on the corporate website.
 - d) Sending the proxy and absentee voting card or any other means of verifying the grant of a proxy that is accepted by the Company by postal correspondence addressed to the Company.
 - e) By any other means of remote communication (including communication by telephone) that the Board of Directors determines to favour the participation of the largest possible number of shareholders, provided that notice thereof is given on the corporate website, that it provides sufficient guarantees of the authenticity and identification of the shareholder granting the proxy, and, if appropriate, that it duly ensures the security of the communications.
3. A proxy granted by any of the means indicated in the preceding section must be received by the Company before 24:00 on the day immediately prior to the day on which the General Shareholders' Meeting is to be held on first call or on second call, as applicable.
4. The Board of Directors is authorised to further develop the foregoing provisions by establishing rules, mechanisms and procedures adjusted to current techniques in order to organise the grant of proxies by other means, in each case in accordance with the *Implementing Rules for the General Meeting* approved for such purpose.

Specifically, the Board of Directors may: (i) establish rules for the use of personal passwords and other safeguards other than electronic signatures and

- the instant authentication system for the grant of proxies by electronic correspondence or by other valid remote means of communication, as well as establish and regulate the appropriate safeguards in the case of telephone communication; (ii) reduce the advance period established above for receipt by the Company of proxies granted by postal or electronic correspondence or by other means of remote communication; and (iii) accept, and authorise the chair of and the secretary for the General Shareholders' Meeting and the persons acting by delegation therefrom to accept, proxies received after such period, to the extent allowed by the means available.

 6. A proxy is always revocable. Attendance by the shareholder granting the proxy at the General Shareholders' Meeting, whether in person or due to having cast an absentee vote prior to the meeting and on a date subsequent to that of the proxy, shall have the effect of revoking the proxy.
 7. A public solicitation for proxies by the Board of Directors or any of its members shall be governed by applicable legal provisions and by the corresponding resolution of such management decision-making body, if any.
 8. A proxy may cover those matters that the applicable legal provisions allow to be dealt with at the General Shareholders' Meeting even when not included in the agenda of the call to meeting.
 9. If a proxy has been validly granted pursuant to applicable legal provisions and these *Regulations* but does not include voting instructions or questions arise as to the intended recipient or the scope thereof, and unless otherwise expressly indicated by the shareholder, it shall be deemed that the proxy: (i) is granted in favour of the chairman of the Board of Directors; (ii) refers to all of the items included in the agenda of the call to meeting; (iii) contains the instruction to vote favourably on all proposals made by the Board of Directors with respect to the items on the agenda of the call to meeting; and (iv) extends to matters that, although not included in the agenda of the call to meeting, may be dealt with at the General Shareholders' Meeting in accordance with applicable legal provisions, in respect of which the proxy representative shall vote in the direction the proxy representative deems most favourable to the interests of the shareholder granting the proxy, within the framework of the corporate interest.
 10. Before being appointed, the proxy representative shall provide detailed information to the shareholder regarding the existence of any conflict of interest. If the conflict is subsequent to the appointment and the shareholder granting the proxy has not been advised of the possible existence of such conflict, the proxy representative shall immediately inform the shareholder thereof. In both cases, if the proxy representative has not received new specific voting instructions

regarding each of the matters on which the proxy representative has to vote on behalf of the shareholder, the proxy representative shall abstain from voting, without prejudice to the provisions of the following section.

11. Unless otherwise expressly indicated by the shareholder, if the proxy representative is affected by a conflict of interest and has no specific voting instructions, or if the proxy representative has them but it is deemed preferable that the proxy representative not exercise the proxy with respect to the items involved in the conflict of interest, the shareholder shall be deemed to have appointed the following persons as proxy representatives for such items, severally and successively, in the event that any of them is in turn affected by a conflict of interest: first, the chair of the General Shareholders' Meeting, second, the secretary therefor, and finally, the deputy secretary of the Board of Directors, if any. In this latter event, if there are several deputy secretaries, the order to be used shall be the order established at the time of their appointment (first deputy secretary, second deputy secretary, etc.). The proxy representative so designated shall cast the vote in the direction deemed most favourable to the interests of the person represented thereby, within the framework of the corporate interest.
12. A proxy representative may hold the proxy of more than one shareholder without limitation as to the number of shareholders being represented, and exercise the corresponding voting rights pursuant to the provisions of Article 43.5 below.
13. The *Implementing Rules for the General Meeting* may further develop the content of this Article.

Article 28. Proxy and Absentee Voting Cards

1. The Company may issue the proxy and absentee voting cards for the participation of the shareholders at the General Shareholders' Meeting, and also propose to the entities members of "Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U." (IBERCLEAR) and to the intermediary and management institutions and depositaries in general, the form of such cards as well as the formula that must be recited in order to grant a proxy, which, in the absence of specific instructions from the party granting the proxy, may also set forth the direction in which the proxy representative is to vote with respect to each of the resolutions proposed by the Board of Directors in connection with each item on the agenda of the call to meeting. The proxy and absentee voting card may also specify the identity of the proxy representative and the alternate or alternates for the proxy representative in the event of a conflict of interest, in the absence of express appointment by the shareholder being represented.
2. The Company shall ensure that the cards are uniform and include a bar code or other system that allows for electronic or remote scanning in order to facilitate the computerised calculation of shares represented in person and by proxy at the General Shareholders' Meeting.

3. The proxy or voting instructions of the shareholders acting through intermediary and management institutions or depositaries may be received by the Company through any valid system or remote means of communication, signed by the shareholder or by the institution. The institutions may group together instructions received from shareholders and send them in a block to the Company, indicating the direction of such instructions.
4. If an intermediary or management institution or depositary sends to the Company a proxy and absentee voting card or verification instrument of a shareholder duly identified in the document and bearing the signature, stamp and/or mechanical impression of the institution, and unless the shareholder expressly indicates otherwise, it shall be deemed that the shareholder has instructed such institution to exercise the proxy or voting right, as applicable, in the direction indicated in such card or instrument evidencing the proxy or vote. If there are questions regarding such instructions, it shall be deemed that the shareholder grants the proxy to the chairman of the Board of Directors with the scope set forth in these *Regulations* and that the shareholder gives specific instructions to vote in favour of the proposals made by the Board of Directors in connection with the items on the agenda of the call to meeting.

In other respects, the other rules contained in the Governance and Sustainability System and those that may be established by the Board of Directors in the *Implementing Rules for the General Meeting* shall apply to the proxies and to the absentee votes cast prior to the meeting that are referred to in this article.

5. All of the foregoing shall be without prejudice to the legal provisions applicable to the relations between financial intermediaries and their customers for purposes of the exercise of the rights to grant a proxy and to vote. The Company is only answerable to the entity or person validated as a shareholder pursuant to the book-entry register”.

8. The Board of Directors is authorised to include in the *Implementing Rules for the General Meeting* the rules, mechanisms and procedures adjusted to current

techniques in order to organise the early casting of votes by other means, in each case in accordance with the rules issued for such purpose.

Specifically, the Board of Directors may: (i) establish rules for the use of personal passwords and other guarantees other than electronic signatures and the instant authentication system for casting votes by electronic correspondence or by other valid remote means of communication, as well as establish and regulate the appropriate assurances in the case of telephone communication; (ii) reduce the advance period established above for receipt by the Company of absentee votes cast prior to the meeting by postal or electronic correspondence or by other means of remote communication; and (iii) accept, and authorise the chair of and the secretary for the General Shareholders' Meeting and the persons acting by delegation from either of them to accept, absentee votes cast prior to the meeting that have been received after the period provided for the receipt thereof, to the extent allowed by the means available.

9. The Board of Directors is also authorised to further develop in the *Implementing Rules for the General Meeting* the procedures for granting proxies and for absentee voting prior to the meeting and the rules of priority and conflict applicable thereto.
10. The chairman and the secretary of the Board of Directors or the chair of and the secretary for the General Shareholders' Meeting, from the establishment of a valid quorum thereat, and the persons acting by delegation from any of them, shall have the broadest powers to verify the identity of the shareholders and their representatives; check the legitimacy of the exercise of the rights of attendance, proxy-granting, information and voting by the shareholders and their representatives; check and accept the validity and effectiveness of the proxies and absentee votes cast prior to the meeting (particularly the proxy and absentee voting card or verification document or instrument for attendance or proxy-granting), as well as the validity and effectiveness of the instructions received through intermediary and management institutions or depositaries of shares, all in accordance with the provisions set forth in the Company's Governance and Sustainability System and in the *Implementing Rules for the General Meeting*.

Article 43. Voting on Proposed Resolutions

1. Once the requests for information, clarifications, questions and proposals of the shareholders or their proxy representatives have been addressed, the proposed resolutions regarding matters included in the agenda of the call to meeting and, if appropriate, regarding others that, pursuant to applicable legal provisions, may be submitted to a vote even though not appearing thereon, including any proposals made by shareholders attending the meeting that are appropriate under applicable legal provisions and the Governance and Sustainability System, shall be submitted to a vote.
2. The Board of Directors shall make separate proposals for resolutions in connection with matters that are substantially independent of one another. In any event, the following must be voted on separately, even if appearing within

the same item on the agenda: (i) the appointment, ratification, re-election or removal of each director, (ii) in the amendment of the *By-Laws*, that of each article or discrete group of articles, and (iii) those matters for which this is provided in the Governance and Sustainability System.

3. The adoption of resolutions shall proceed following the agenda set forth in the call to meeting. Resolutions proposed by the Board of Directors shall be first submitted to a vote and then, if appropriate, resolutions proposed by other proponents and those relating to matters that the shareholders at the General Shareholders' Meeting can decide upon without appearing on the agenda shall be voted, with the chair of the General Shareholders' Meeting deciding upon the order in which they shall be submitted to a vote. Unless the chair of the General Meeting decides to proceed otherwise, once a proposed resolution has been adopted, all others relating to the same matter and that are incompatible therewith shall be deemed automatically withdrawn and therefore not be voted upon.
4. As a general rule, and without prejudice to the powers of the chair of the General Shareholders' Meeting to use other procedures and alternative systems, for purposes of voting on the proposed resolutions, the direction of the votes of the shareholders shall be determined as follows:
 - a) In the case of proposed resolutions relating to matters included in the agenda of the call to meeting, there shall be deemed votes in favour those votes corresponding to all shares represented at the meeting in person and by proxy, less the votes corresponding to: (i) shares represented at the meeting in person and by proxy whose holders or representatives state that they vote against, in blank or abstain, stating so for the record to the notary public or the assistants thereto (or, in the absence thereof, to the secretary for the General Shareholders' Meeting) for note thereof to be taken in the minutes of the meeting; (ii) shares represented at the meeting in person or by proxy whose holders or proxy representatives have voted against, in blank, or have expressly stated that they abstain through the means of communication referred to in these *Regulations*; and (iii) shares whose holders or proxy representatives have left the meeting prior to the voting on the proposed resolution in question and have had the notary public or assistants thereto (or, in the absence thereof, the secretary for the General Shareholders' Meeting) record their withdrawal from the meeting.
 - b) In the case of proposed resolutions relating to matters not included in the agenda of the call to meeting, there shall be deemed votes against those votes corresponding to all shares represented at the meeting in person and by proxy, less the votes corresponding to: (i) shares represented at the meeting in person and by proxy whose holders or representatives state that they vote in favour, in blank or abstain by means of a communication or statement of their vote or abstention to the notary public or the assistants thereto (or, in the absence thereof, to the secretary for the General Shareholders' Meeting) for note thereof to be taken in the minutes of the meeting; (ii) shares represented at the meeting in person or by proxy whose holders or proxy representatives have voted in favour, in blank, or have

expressly stated that they abstain through the means of communication referred to in these *Regulations*; and (iii) shares whose holders or proxy representatives have left the meeting prior to the voting on the proposed resolution in question and have had the notary public or assistants thereto (or, in the absence thereof, the secretary for the General Shareholders' Meeting) record their withdrawal from the meeting.

5. If a proxy-holder represents several shareholders, the proxy-holder may cast votes in different directions based on the instructions given by each shareholder.
6. So long as, in the opinion of the Board of Directors, the required guarantees of transparency and certainty are provided, a vote may be divided in order for financial intermediaries who are recorded as having shareholder status but act for the account of different clients to be able to divide their votes and cast them in different directions in accordance with the instructions given by such clients.

Article 44. Approval of Resolutions and Announcement of Voting Results

1. The shareholders acting at a General Shareholders' Meeting shall adopt resolutions with the majorities required by applicable legal provisions or the *By-Laws*. Each share with voting rights, whether represented in person or by proxy at the General Shareholders' Meeting, shall grant the holder the right to one vote, without prejudice to the limitations on the maximum number of votes that may be cast by a shareholder, the conflicts of interest provided for in Article 30 of the *By-Laws*, other instances in which the *By-Laws* provide for the suspension of voting rights, or the restrictions established by applicable legal provisions.
2. Except in cases in which applicable legal provisions or the *By-Laws* require a greater majority, the shareholders acting at a General Shareholders' Meeting shall adopt resolutions by simple majority of the shareholders present at the meeting in person or by proxy, with a resolution being deemed adopted when it receives more votes in favour than against.
3. For purposes of determining the number of shares upon which the majority needed to adopt the various resolutions shall be calculated, all shares appearing on the list of attendees shall be deemed to be in attendance, present or represented at the meeting, less: (i) shares whose owners or representatives have left the meeting prior to the voting on the proposed resolution in question and have recorded their withdrawal with the notary public or assistants thereto (or, in the absence thereof, with the secretary for the General Shareholders' Meeting); and (ii) shares which, by application of applicable legal provisions or the *By-Laws*, are totally or partially deprived of the right to vote in general, or on the particular resolution in question, or shares in respect of which the exercise of the right to vote has been suspended for the holders thereof.
4. Once the chair of the General Shareholders' Meeting, at the time of voting, finds the existence of a sufficient number of votes in favour or against all or some of the proposed resolutions, the chair may declare them to be approved or rejected by the shareholders at the General Shareholders' Meeting (individually,

grouped by blocks or in their entirety), without prejudice to the statements that the shareholders or their proxy representatives may desire to make to the notary public or to the assistants thereto or, if applicable, to the secretary for the General Shareholders' Meeting, regarding the direction of their vote for such statements to be recorded in the minutes of the meeting.

5. Without prejudice to the provisions of the preceding section, for each resolution submitted to a vote at the General Shareholders' Meeting, there must be a determination of at least the number of shares for which valid votes have been cast, the proportion of share capital represented by such votes, the total number of valid votes cast, the number of votes in favour and against each resolution, and the number of abstentions and votes in blank, if any.
6. The votes shall be counted with the aid of any technology deemed appropriate for the facilitation thereof in accordance with the provisions of Article 29 above.

TITLE IX. CLOSURE AND MINUTES OF THE MEETING

Article 45. Closure

Once the voting on the proposed resolutions has been completed and the voting results, whether final or provisional and whether individually, grouped by blocks or in their entirety, have been announced by the chair of the General Shareholders' Meeting, the General Shareholders' Meeting shall end and the chair thereof shall bring the meeting to a close, adjourning the session.

Article 46. Minutes

1. The minutes of the meeting may be approved by the shareholders at the end of the General Shareholders' Meeting, and otherwise within a period of fifteen days by the chair of the General Shareholders' Meeting and two inspectors, one on behalf of the majority and the other on behalf of the minority.
2. Once the minutes are approved, they shall be signed by the secretary for the General Shareholders' Meeting, with the approval of the chair. In the event the aforementioned persons are unable to do so for any reason, they shall be replaced by the persons established by applicable legal provisions or the *By-Laws*.
3. In the event that a notary public takes part in the General Shareholders' Meeting, the notarial minutes shall be deemed the minutes of the General Shareholders' Meeting and shall not require approval.

TITLE X. SUBSEQUENT ACTS

Article 47. Publication of Resolutions

1. Without prejudice to registration of recordable resolutions with the Commercial Registry or to applicable legal provisions regarding the publication of corporate resolutions, the Company shall communicate to the National Securities Market Commission the literal text or a summary of the contents of the resolutions approved at the General Shareholders' Meeting.

2. The text of the resolutions adopted and the voting results shall be published in full on the corporate website within five days of the end of the General Shareholders' Meeting.
3. Furthermore, at the request of any shareholder or their representative at the General Shareholders' Meeting, the secretary of the Board of Directors shall issue a certification of the resolutions or of the minutes.

Article 48. External Assurance of the Proceedings

To guarantee the rights of the shareholders and transparency, the Board of Directors may, if it so deems appropriate, request a specialised outside firm to verify whether the internal procedures used in the organisation and holding of the General Meeting are applied in accordance with the provisions of the Governance and Sustainability System, the *Implementing Rules for the General Meeting* and other internal rules and regulations”.

If no venue is indicated in the call to meeting, it shall be deemed that the meeting is held at the registered office.
2. Attendance in person at the General Shareholders' Meeting shall in any case conform to the limitations arising from the space available at the venue and any ancillary venues at which the meeting may be held, the requirements for security and sustainability of the event, the proper operation of the computer systems and technology used, and the state of the art, as well as any other aspects that the Board of Directors deems relevant for the organisation and holding of each General Meeting.

3. 5. On the day of the General Shareholders' Meeting, the premises indicated for the meeting shall be supplied with the personnel and technical equipment required to monitor the entry of those attending the meeting and to determine the quorum (both provisional and final), prepare the list of attendees present in person and by proxy, and calculate the voting results (both provisional and final).
6. Whenever reasonably possible, the Company shall endeavour to ensure that the premises, if any, at which the General Shareholders' Meeting is held have the means to allow access by persons with reduced mobility.

Article 53. Period for Presentations by Shareholders or their Proxy Representatives Attending in Person

1. Presentations by shareholders or their proxy representatives who attend in person shall be made in the order in which they are called by the secretary.
2. No shareholder or proxy representative may make a presentation without having been granted the floor, or in order to deal with matters that are not included in the agenda of the call to meeting, unless otherwise provided by law.

Article 54. Exercise of the Right to Receive Information during the General Shareholders' Meeting

1. During the presentation period, shareholders or their proxy representatives attending in person may verbally request information or clarifications that they deem are necessary regarding the matters indicated in Article 18.1 above. 2. The Company shall provide the information requested pursuant to the preceding paragraph in accordance with the provisions of Sections 4 and 5 of Article 18 of these *Regulations*.

Article 55. Order of Presentations, Requests and Proposals by Shareholders or their Proxy Representatives Attending in Person

1. The Board of Directors shall determine in the *Implementing Rules for the General Meeting* the time at which shareholders and their proxy representatives may request or make a presentation, and may decide that it must be made prior to the commencement of the meeting.
2. Shareholders or their proxy representatives must make reasonable use of their right to make a presentation with respect to both the content, which must refer to corporate and not personal matters, as well as duration –the reading of which (whether complete or a summary) may not exceed a maximum of five minutes– without prejudice to the powers of the chair of the meeting to limit or extend such time.

If advisable due to the number of requests or other circumstances, the chair of the General Shareholders' Meeting may set a shorter maximum period than that mentioned above, giving due regard in each case to the principles of equal treatment among requesting parties who are in the same situation.

3. The powers of shareholders or their proxy representatives attending in person to make presentations and requests for information shall only be exercised once.
4. The presenting party may make proposals during the presentation period upon the terms indicated in Article 38 above.
5. In the exercise of the chair's powers to ensure the orderly conduct of the meeting, and without prejudice to other action that may be taken, the chair of the General Shareholders' Meeting may:

 - f) announce to the presenting parties that the time for their presentations will soon be ending so that they may adjust their use of the floor and, when the time granted for their presentation has ended, or if they persist in the

- conduct described in the preceding paragraph, withdraw the floor therefrom; and
- g) grant the floor to shareholders or their proxy representatives who attend in person or so request, removing it or not granting it if the chair believes that a particular matter has been sufficiently debated, is not included in the agenda or hinders the progress of the meeting, as well as reject a reply of the presenting shareholder.
6. The chair of the General Shareholders' Meeting shall endeavour to maintain order in the room in order to allow the presenting parties to make their presentations without undue interruption. If the chair believes that the presentation or the conduct of an attendee might alter the proper order and normal conduct of the meeting, the chair may ask them to leave the premises and adopt any appropriate measures in order for this provision to be complied with.
7. The chair of the General Shareholders' Meeting shall have the broadest powers to allow, apply the legally appropriate procedures to, or reject the proposals made by the presenting parties during their presentation on any matter included in the agenda of the call to meeting or on those matters that may be debated and decided at the General Shareholders' Meeting without such matters appearing on the agenda of the call to meeting, in light of compliance in each case with applicable legal and regulatory requirements. In voting on the proposals allowed pursuant to this section, the procedure established in letter b) of Article 43.4 of these *Regulations* shall apply, without prejudice to the chair's ability to decide on the use of other procedures or alternative voting systems.

Chapter III. Special Rules for Holding the General Shareholders' Meeting Remotely

Article 58. Mechanisms and Systems for Holding the Meeting Remotely

attend the meeting, which must allow for the identification of attendees, the exercise of their rights and the proper conduct of the meeting.

2. From the date of publication of the announcement of the call to meeting through the date of holding the General Shareholders' Meeting in question, the Company shall continuously publish on its corporate website the mechanisms and procedures to attend the General Shareholders' Meeting remotely.

Article 59. Particular Rules regarding Remote Attendance by Shareholders or their Proxy Representatives

1. Pursuant to applicable legal provisions and the *By-Laws*, and independently of the right to cast an early absentee vote prior to the meeting in the manner set forth in these *Regulations*, if the General Meeting is held remotely, shareholders with the right to attend or their proxy representatives shall attend the meeting remotely using such means as are established by the Board of Directors in view of the state of the art and having verified the appropriate conditions of security and simplicity.
2. If the Board of Directors provides for a General Shareholders' Meeting to be held remotely, the remote mechanisms for attendance and the deadlines, forms and methods for the remote exercise of shareholder rights provided for by applicable legal provisions and the provisions of the *By-Laws* to allow for the proper conduct of the meeting shall be described in the call to meeting, in the *Implementing Rules for the General Meeting* and/or on the corporate website, as appropriate.
3. The connection to the software application to remotely attend the General Shareholders' Meeting should be made as much in advance of the time scheduled for the start of the meeting as is stated in the call to meeting.
4. The Board of Directors shall determine in the *Implementing Rules for the General Meeting* the deadline for the single submission through the remote attendance software application of requests for information or clarification, questions and proposals that shareholders or their proxy representatives attending the meeting remotely may wish to submit to the Company in accordance with applicable legal provisions and the *By-Laws* prior to the commencement of the meeting, as well as other aspects provided for in Article 18 above that may apply based on the form in which the meeting is remotely held. The provisions of Article 55.7 above of these *Regulations*, insofar as applicable, shall apply to any proposed resolutions validly submitted by remote attendees.
5. Responses to requests to exercise the right to information, where appropriate, shall be provided in accordance with the provisions of Sections 4 and 5 of Article 18 above.
6. Shareholders or their proxy representatives must make reasonable use of their right to make a presentation with respect to both the content, which must refer to corporate and not personal matters, as well as the length thereof. The latter must be in accordance with the form provided for the exercise thereof in the *Implementing Rules for the General Meeting* and may not exceed a maximum

of five minutes or five thousand characters, depending on the form in which it is produced and provided for. Without prejudice to the foregoing, the chair of the meeting may resolve to reduce the time for the presentation or the text if advisable due to the number of requests or other circumstances, giving due regard in each case to the principles of equal treatment among requesting parties who are in the same situation.

7. The period for remote voting shall begin from the time that the chair of the General Shareholders' Meeting declares the establishment of a valid quorum thereat until the time that the proposed resolutions are formally submitted to a vote, or such later time as may be indicated in the *Implementing Rules for the General Meeting* or provided by the chair of the General Meeting.
8. The casting of votes by those attending remotely during the General Shareholders' Meeting shall be governed by the provisions of the *By-Laws*, these *Regulations* and the *Implementing Rules for the General Meeting*.
9. An interruption of communication for technical or security reasons arising from supervening circumstances may not be invoked as an improper deprivation of the shareholder rights, nor as grounds for challenging the General Shareholders' Meeting.

Chapter IV. Special Rules for Holding the General Shareholders' Meeting in Person with Remote Attendance

Article 60. Venue

A General Shareholders' Meeting that is called to be held in person with remote attendance shall be held on the date indicated at the registered office unless the call to meeting states another place within the municipal district of Bilbao. 1. If the Board of Directors decides that a specific General Shareholders' Meeting shall be held in person with the ability of shareholders and their proxy representatives to attend remotely, the Board of Directors shall adjust the special rules established in Chapter II of this Title XI for those attending in person and those included in Chapter III for those attending by remote means.
2. For purposes of the provisions of the preceding section, the announcement of the call to meeting and the *Implementing Rules for the General Meeting* shall establish the rules applicable to this method of holding the General Meeting, adjusting them as necessary for compatibility and full coordination".

(the "**Company**"), subject to the quorum for this General Meeting reaching 70% of the share capital of the Company (the "**Engagement Dividend**").

If the condition established for the payment of the Engagement Dividend is fulfilled, payment thereof will be made as from 2 June 2025 to those with shares of the Company registered in their name in the book-entry registers of "Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A." To approve the proposed allocation of profits and payment of dividends for financial year 2024 formulated by the Board of Directors at its meeting held on 25 February 2025, which is described below:

To approve the payment, with a charge to the results for the financial year ended 31 December 2024 and to the balance from prior financial years, of a dividend in the aggregate gross amount equal to the sum of the following amounts (the “**Dividend**”):

- (a) €447,740,582.06, which was paid on account of the dividend for financial year 2024 on 31 January 2025 to the holders of 1,938,270,918 shares of “Iberdrola, S.A.” (the “**Company**”) who elected to receive their remuneration in cash within the framework of the second implementation of the “Iberdrola Retribución Flexible” optional dividend system for financial year 2024 by collecting an amount of €0.231 (gross) per share (the total amount paid to said holders will be referred to as the “**Total Interim Dividend**”); and
- (b) the determinable amount resulting from multiplying:
 - (i) the gross amount per share to be paid by the Company as a supplementary dividend payment for financial year 2024 within the framework of the first implementation of the “Iberdrola Retribución Flexible” optional dividend system for financial year 2025 (the “**Supplementary Dividend**”), and which will be as determined by the Company’s Board of Directors pursuant to the rules set forth in the section “Common terms and conditions of the dividend payment and increase in share capital resolutions proposed under items 8, 9 and 10 on the agenda pursuant to which the “Iberdrola Retribución Flexible” optional dividend system is implemented” (the “**Common Terms**”); by
 - (ii) the total number of shares with respect to which the holders thereof have elected to receive the Supplementary Dividend within the framework of the first implementation of the “Iberdrola Retribución Flexible” optional dividend system for financial year 2025.

The amount of the Supplementary Dividend, and therefore the amount of the Dividend, cannot be determined as of the date of formulation of this proposed resolution.

For the purposes hereof, it is hereby noted that the payment of the Supplementary Dividend shall be made together with the implementation of the increase in share capital submitted for approval of the shareholders at the General Shareholders' Meeting under item 9 on the agenda, in order to offer the shareholders the ability to receive their remuneration in cash (by collecting the Supplementary Dividend) or in newly-issued bonus shares of the Company (through said increase in share capital).

The collection of the Supplementary Dividend provided for in this resolution is thus configured, in accordance with the Common Terms, as one of the alternatives that a shareholder of the Company can choose when receiving their remuneration within the framework of the first implementation of the "Iberdrola Retribución Flexible" optional dividend system for financial year 2025. As a result of the foregoing, and as described below in the Common Terms, it shall be deemed that those shareholders choosing to receive their remuneration in cash through the Supplementary Dividend with respect to all or part of their shares expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares and therefore the ability to transfer them on the market or to receive newly-issued bonus shares corresponding to said free-of-charge allocation rights.

The payment of the Supplementary Dividend, which is expected to be made during the month of July 2025, shall be implemented through the participants in "Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A." (Sociedad Unipersonal) (IBERCLEAR), the Board of Directors being hereby authorised to establish the specific date for payment of the Supplementary Dividend, to designate the entity that is to act as paying agent and to take such other steps as may be required or appropriate for the successful completion of the payment.

Also, to delegate to the Board of Directors the power to set the conditions applicable to the payment of the Supplementary Dividend to the extent not provided for in this resolution, including the determination of the specific gross amount of the Supplementary Dividend subject to the aforementioned rules.

Finally, pursuant to the provisions of Section 249 bis.1) of the "Companies Act", to expressly authorise the Board of Directors to further delegate the powers referred to in this resolution.

The basis for distribution and the resulting proposed distribution (expressed in euros) is as follows:

BASIS FOR DISTRIBUTION:

Balance from prior financial years:	11,961,731,415.42
Profits for financial year 2024:	5,651,977,196.55
TOTAL BASIS FOR DISTRIBUTION:	17,613,708,611.97

DISTRIBUTION:

To Dividend:	Amount pending determination which will result from adding: (a) the Total Interim Dividend; and (b) the result of multiplying the Supplementary Dividend by the total
--------------	---

number of shares with respect to which the holders thereof have elected to receive the Supplementary Dividend within the framework of the first implementation of the “Iberdrola Retribución Flexible” optional dividend system for financial year 2025.

To remainder:

Determinable amount that will result from subtracting the amount allocated to the Dividend from the total basis for distribution.

TOTAL: 17,613,708,611.97

On the date that the Board of Directors (or the body acting by delegation therefrom) decides to implement the increase in share capital that is being submitted for approval of the shareholders at the General Shareholders' Meeting under item 9 on the agenda (and therefore, to commence the first implementation of the “Iberdrola Retribución Flexible” optional dividend system for financial year 2025), the minimum amount of the Supplementary Dividend shall be announced. The final amount of the Supplementary Dividend shall be communicated as soon as the Board of Directors (or the body acting by delegation therefrom) determines it in accordance with the provisions of the Common Terms. Furthermore, once the first implementation of the “Iberdrola Retribución Flexible” optional dividend system for financial year 2025 is completed, the Board of Directors (with express power of substitution) shall proceed to specify the aforementioned proposed distribution, determining the final amount of the Dividend and the amount to be allocated to remainder.

The Common Terms include a sample calculation of the Supplementary Dividend, among other figures relating to the implementation of the increase in share capital submitted for approval of the shareholders at the General Shareholders' Meeting under item 9 on the agenda.

ITEM 9 ON THE AGENDA

First increase in capital by means of a scrip issue at a maximum reference market value of €2,950 million in order to implement the “Iberdrola Retribución Flexible” optional dividend system.

RESOLUTION

To increase the share capital of “Iberdrola, S.A.” (the “**Company**”) upon the terms and conditions described in the section below, entitled “Common terms and conditions of the dividend payment and increase in share capital resolutions proposed under items 8, 9 and 10 on the agenda, pursuant to which the “Iberdrola Retribución Flexible” optional dividend system is implemented” (the “**Common Terms**”), at a maximum reference market value of €2,950 million for the shares to be issued in implementation of said increase.

The increase in share capital shall be implemented together with the supplementary payment of the dividend submitted for approval of the shareholders at the General

Shareholders' Meeting under item 8 on the agenda, in order to offer the Company's shareholders the ability to receive their remuneration in cash (receiving said supplementary payment of the dividend) or in newly-issued bonus shares of the Company (through the increase in share capital). The delivery of bonus shares issued within the context of the increase in share capital is thus configured as one of the alternatives that a shareholder can choose when receiving their remuneration, pursuant to the provisions of the Common Terms.

Pursuant to the provisions of Section 297.1.a) of the "Companies Act", to delegate to the Board of Directors the power to set the date on which the increase in share capital is to be carried out, if at all, and to set the terms and conditions applicable to all matters not included in this resolution.

Pursuant to the provisions of Section 249 bis.l) of the "Companies Act", to expressly authorise the Board of Directors to further delegate the powers referred to in this resolution.

This increase in share capital is expected to be implemented together with the supplementary payment of the dividend contemplated in item 8 on the agenda during the month of July 2025.

ITEM 10 ON THE AGENDA

Second increase in capital by means of a scrip issue at a maximum reference market value of €2,000 million in order to implement the "Iberdrola Retribución Flexible" optional dividend system.

RESOLUTION

To increase the share capital of "Iberdrola, S.A." (the "**Company**") upon the terms and conditions described in the section below, entitled "Common terms and conditions of the dividend payment and increase in share capital resolutions proposed under items 8, 9 and 10 on the agenda, pursuant to which the "Iberdrola Retribución Flexible" optional dividend system is implemented" (the "**Common Terms**"), at a maximum reference market value of €2,000 million for the shares to be issued in implementation of said increase.

The increase in share capital is expected to be implemented together with the payment of the interim dividend amount for financial year 2025, if any, to be approved by the Company's Board of Directors (the "**Interim Dividend**") in order to offer the Company's shareholders the ability to receive their remuneration in cash (by collecting the Interim Dividend) or in newly-issued bonus shares of the Company (through the increase in share capital). The delivery of bonus shares issued within the context of the increase in share capital is thus configured as one of the alternatives that a shareholder can choose when receiving their remuneration, pursuant to the provisions of the Common Terms.

Pursuant to the provisions of Section 297.1.a) of the "Companies Act", to delegate to the Board of Directors the power to set the date on which the increase in share

capital is to be carried out, if at all, and to set the terms and conditions applicable to all matters not included in this resolution.

Pursuant to the provisions of Section 249 bis.l) of the “Companies Act”, to expressly authorise the Board of Directors to further delegate the powers referred to in this resolution.

This increase in share capital is expected to be implemented together with the Interim Dividend payment during the month of January 2026.

COMMON TERMS AND CONDITIONS OF THE DIVIDEND PAYMENT AND INCREASE IN SHARE CAPITAL RESOLUTIONS PROPOSED UNDER ITEMS 8, 9 AND 10 ON THE AGENDA, PURSUANT TO WHICH THE “IBERDROLA RETRIBUCIÓN FLEXIBLE” OPTIONAL DIVIDEND SYSTEM IS IMPLEMENTED

1. Main characteristics of the “Iberdrola Retribución Flexible” optional dividend system

The purpose of the resolutions for the allocation of profits and dividend payment and of the increase in share capital resolutions proposed under items 8, 9 and 10 on the agenda is to implement the “Iberdrola Retribución Flexible” optional dividend system for financial year 2025 pursuant to which the shareholders of “Iberdrola, S.A.” (the “**Company**”) are offered the ability to receive their remuneration in cash or in newly-issued bonus shares.

For this purpose, there shall be two implementations of said optional dividend system in each of which dividend payments shall be made (the “**Dividend Payments**”, and individually a “**Dividend Payment**”) along with the implementations of the increases in share capital (the “**Increases in Capital**”, and individually, an “**Increase in Capital**”) submitted for approval of the shareholders at the General Shareholders' Meeting under items number 9 and 10 on the agenda:

- (a) The first implementation, which is expected to take place during the month of July 2025 (the “**First Implementation**”), shall be carried out through the supplementary payment of the dividend for financial year 2024 contemplated in item 8 on the agenda (the “**Supplementary Dividend**”) together with the implementation of the Increase in Capital submitted for approval of the shareholders at the General Shareholders' Meeting under item 9 on the agenda.
- (b) The second implementation, which is expected to take place during the month of January 2026 (the “**Second Implementation**”, and collectively with the First Implementation, the “**Implementations**” and each of the Implementations, individually, an “**Implementation**”), shall be carried out through the payment of an interim amount of the dividend for financial year 2025 (the “**Interim Dividend**”) to be approved, if appropriate, by the Board of Directors pursuant to the provisions of section 2.2 below, together with the implementation of the Increase in Capital submitted for approval of the shareholders at the General Shareholders' Meeting under item 10 on the agenda.

The Supplementary Dividend and the Interim Dividend shall hereinafter be referred to collectively as the “**Dividends**” and each of them individually as a “**Dividend**”.

In each of the Implementations, the shareholders may choose from among the following options for remuneration upon the terms and conditions established by the Board of Directors (with express power of substitution):

- (i) Receiving their remuneration in newly-issued bonus shares of the Company. To this end, shareholders must refrain from transferring their free-of-charge allocation rights on the market. In this case, upon completion of the trading period for the free-of-charge allocation rights and implementation of the Increase in Capital, the shareholders shall receive such number of new shares (as they are proportionately entitled to receive), entirely as bonus shares. This is the default option.
- (ii) Transferring their free-of-charge allocation rights on the market during the trading period pursuant to the provisions of section 5 below. In this case, the consideration for such rights will depend on market conditions in general and on the listing price of such rights in particular.
- (iii) Receiving their remuneration in cash by collecting the Dividend in question, for which purpose the shareholders shall be required to make an express election in this regard.

The final amount of each of the Dividend Payments and of each Increase in Capital shall be determined by the Company's Board of Directors (or the body acting by delegation therefrom) within the context of each of the Implementations pursuant to the provisions of the sections below.

Within the year following the date of approval of the resolutions included in items 9 and 10 on the agenda, each of the Implementations may be made by the Board of Directors (with express power of substitution) at its sole discretion, and therefore without having to once again obtain the approval of the shareholders at a General Shareholders' Meeting, and based on the legal and financial conditions existing at the time of each Implementation, in order to offer the Company's shareholders a flexible and efficient remuneration formula.

The shareholders may only elect remuneration option (iii) above (i.e. receive the Dividend in question) during the "**Common Election Period**". This Period will begin on the same day as the trading period for the free-of-charge allocation rights, and the Board of Directors (with express power of substitution) must establish the specific term of the Common Election Period, which may in no event exceed the term of said trading period.

In addition, the default option will apply to shareholders who do not communicate the flexible remuneration option chosen in respect of their different groups of shares during the Common Election Period, for which reason they will receive their remuneration through the delivery of new fully paid-up shares of the Company (i.e. the remuneration option referred to in paragraph (i) above).

Based on their preferences and needs, the Company's shareholders may combine any of the alternatives mentioned in paragraphs (i) through (iii) above. In any event, the election of one of the remuneration options automatically excludes the ability to choose either of the other two options regarding the same shares, for which reason

the ability to combine options referred to above will only be possible with respect to different groups of shares.

As described below (see section 3 below), if the requirements of Section 277 of the “Companies Act” to pay the Interim Dividend (the “**Requirements**”) are not met within the framework of the Second Implementation, the Company shall make an irrevocable commitment to acquire the free-of-charge allocation rights arising from the second Increase in Capital at a guaranteed fixed price upon the terms and conditions described below (the “**Purchase Commitment**” and the “**Fixed Purchase Price**”, respectively). In this case, the shareholders may monetise their free-of-charge allocation rights by transferring them to the Company at the Fixed Purchase Price and thus receive a cash amount equal to the one that the Company would have paid as an Interim Dividend.

The Company assumes no liability for the choices made by the holders of the free-of-charge allocation rights (or for a failure to choose, if an express and valid communication is not received from said holders).

The Company also rejects any liability of any kind as a result of the failure of the depositaries to transmit in due time and form the election requests made by the holders of free-of-charge allocation rights. In this regard, it should be noted that, in the event that the elections of the holders of free-of-charge allocation rights are not processed by the depositaries in a timely manner, they may receive the default flexible remuneration option (i.e. the delivery of new fully paid-up shares in the Company). Any claims on these grounds must be made directly to the depositaries.

It is also stated for the record that the only period authorised for the holders of free-of-charge allocation rights to communicate to the entities with which their rights are deposited their preferences regarding the remuneration options is the Common Election Period, regardless of whether they are institutional or minority holders of rights. The Company assumes no liability for a breach of this period by the depositaries (whether due to not accepting communications during a portion of the Common Election Period, for accepting them after the passage of said period, or for any other reason), for which reason any claim in this regard must be addressed by the shareholders or holders of free-of-charge allocation rights to the depositary in question.

2. Amount of the Dividends

2.1. Gross amount per share to be paid to the shareholders as a Supplementary Dividend in the First Implementation

The gross amount to be paid to the shareholders as a Supplementary Dividend for each share of the Company with the right to receive it shall be determined within the context of the First Implementation by the Board of Directors (with express power of substitution), subject to the terms and conditions set forth in item 9 on the agenda and in this section.

During the Common Election Period for the First Implementation, the Company's shareholders shall have the ability to expressly choose to receive the Supplementary Dividend with respect to all or part of the shares they own and that are outstanding on the relevant date upon the terms set by the Board

of Directors (with express power of substitution) and pursuant to applicable securities clearing and settlement rules from time to time in effect. If they choose to receive the Supplementary Dividend with respect to all or part of their shares, the shareholders shall expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares.

The free-of-charge allocation rights acquired on the market during the trading period established for this purpose by the Board of Directors (or the body acting by delegation therefrom) shall not give the acquiring parties the right to choose to receive the Supplementary Dividend. Therefore, the new holders of these rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may receive the newly-issued bonus shares of the Company to which they are entitled.

After the Common Election Period for the First Implementation has ended, the Board of Directors (with express power of substitution) shall determine the aggregate gross amount in euros corresponding to the Dividend Payment for the First Implementation (equal to the final amount of the Supplementary Dividend) and shall make payment thereof through the participants in "Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A." (Sociedad Unipersonal) ("**IBERCLEAR**"), the Board of Directors being hereby authorised for such purpose (with express power of substitution) to establish the specific date on which the Dividend Payment should occur, to designate the entity that is to act as paying agent, and to take such other steps as may be required or appropriate for the successful completion of the Dividend Payment. Furthermore, after calculating said aggregate gross amount corresponding to the Dividend Payment for the First Implementation, the Board of Directors (with express power of substitution) shall, if applicable, rescind the resolution on payment of the Supplementary Dividend with respect to the amounts that were not paid to those shareholders who elected (expressly or implicitly) to receive newly-issued bonus shares of the Company or who sold their free-of-charge allocation rights on the market.

Moreover, after calculating the aggregate gross amount of the Supplementary Dividend, the aggregate total amount paid as a dividend with a charge to the results for the financial year ended 31 December 2024 pursuant to the provisions of item 8 on the agenda shall be determined and, in view of said amount, the amount of the total basis for distribution established in said item on the agenda to be allocated to remainder shall be specified, and the resulting proposed allocation of profits and payment of the dividend for financial year 2024 shall be completed.

Section 4.1 below includes the formula for calculating the gross amount per share corresponding to the Supplementary Dividend.

2.2. Gross amount per share to be paid to the shareholders as an Interim Dividend in the Second Implementation

The gross amount to be paid as an Interim Dividend, if any, for each share of the Company with the right to receive it shall be as determined by the Board of Directors pursuant to the corresponding resolution to be adopted prior to 31 December 2025, and which will be subject in any event to confirmation that the Requirements have been met (the “**Interim Dividend**”).

During the Common Election Period for the Second Implementation, the Company's shareholders shall have the ability to expressly choose to receive the Interim Dividend with respect to all or part of the shares they own and that are outstanding on the relevant date upon the terms set by the Board of Directors (with express power of substitution) and pursuant to applicable securities clearing and settlement rules from time to time in effect. If they choose to receive the Interim Dividend with respect to all or part of their shares, the shareholders shall expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares.

The free-of-charge allocation rights acquired on the market during the trading period established for this purpose by the Board of Directors (or the body acting by delegation therefrom) shall not give the acquiring parties the right to choose to receive the Interim Dividend. Therefore, the new holders of these rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may choose to receive the newly-issued bonus shares to which they are entitled at the end of the aforementioned trading period.

After the Common Election Period for the Second Implementation, the Board of Directors (with express power of substitution) shall determine the aggregate gross amount in euros corresponding to the Dividend Payment for the Second Implementation and shall make payment thereof through the participants in IBERCLEAR. To this end, the Board of Directors (with express power of substitution) shall establish the specific date on which the Dividend Payment should occur, shall designate the entity that is to act as paying agent, and shall take such other steps as may be required or appropriate for the successful completion of the Dividend Payment. Furthermore, after calculating said aggregate gross amount corresponding to the Dividend Payment for the Second Implementation, the Board of Directors (with express power of substitution) shall, if applicable, rescind the resolution on payment of the Interim Dividend with respect to the amounts that were not paid to those shareholders who elected (expressly or implicitly) to receive newly-issued bonus shares of the Company or who sold their free-of-charge allocation rights on the market.

Section 4.1 below includes the formula for calculating the gross amount per share corresponding to the Interim Dividend.

3. Purchase Commitment within the framework of the Second Implementation

If the Requirements are not met to pay the Interim Dividend within the framework of the Second Implementation (which circumstance shall be communicated to the market), the Company shall make the Purchase Commitment upon the terms described in this section in order to ensure that the shareholders can receive all or part of their remuneration in cash.

The Fixed Purchase Price shall be calculated by applying the formula used to determine the gross amount per share of the Interim Dividend (see section 4.1 below), such that the amount that would be received by shareholders choosing this option would be equal to the amount they would have received if it had been possible to pay the Interim Dividend. The Fixed Purchase Price shall be calculated prior to the commencement of the trading period for the free-of-charge allocation rights of the second Increase in Capital and shall be published as soon as it is determined.

The Purchase Commitment assumed by the Company shall cover the free-of-charge allocation rights received by those who are registered as being entitled thereto in the book-entry registers of IBERCLEAR on the relevant date pursuant to the securities clearing and settlement rules from time to time in effect. The free-of-charge allocation rights acquired on the market during the trading period established for this purpose by the Board of Directors (or the body acting by delegation therefrom) shall not give the acquiring parties the right to exercise the Purchase Commitment or, therefore, to receive the Fixed Purchase Price. Therefore, the new holders of these rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may choose to receive the newly-issued bonus shares to which they are entitled at the end of the aforementioned trading period.

The Purchase Commitment shall be in effect and may be accepted during such term as is established for these purposes by the Board of Directors (with express power of substitution), and which must in any case be included within the trading period for the free-of-charge allocation rights.

In relation to the foregoing, the Company is authorised to acquire said free-of-charge allocation rights, with a maximum limit of all rights issued in relation to the second Increase in Capital, but must in any case comply with the legal requirements applicable from time to time.

The acquisition by the Company of the free-of-charge allocation rights as a result of the Purchase Commitment shall be carried out with a charge to the reserves contemplated in Section 303.1 of the "Companies Act".

The Company shall waive the new shares corresponding to the free-of-charge allocation rights that it has acquired by application of the Purchase Commitment. In such an event, pursuant to the provisions of Section 311 of the "Companies Act", there will be an incomplete allocation of the Increase in Capital corresponding to the Second Implementation, and share capital shall be increased solely by the amount corresponding to the free-of-charge allocation rights that have not been waived.

4. Common characteristics of the Increases in Capital

The amount of each of the Increases in Capital shall be the amount resulting from multiplying: (a) the nominal value of each share of the Company, equal to seventy-five euro cents; by (b) the total determinable number of new shares of the Company to be issued, in accordance with the formula set forth in section 4.1 below, on the date of each of the Implementations (the new shares of the Company issued by way of implementation of each of the Increases in Capital shall be collectively referred to as the **"New Shares"**, and each one, individually, as a **"New Share"**).

Both Increases in Capital shall be carried out, if at all, by means of the issuance and flotation, on their respective dates of Implementation, of the New Shares, which shall be ordinary shares having a nominal value of seventy-five euro cents each, of the same class and series as those currently outstanding, represented by book entries.

The Increases in Capital shall be entirely carried out with a charge to the reserves contemplated in Section 303.1 of the "Companies Act". When implementing each of the Increases in Capital, the Board of Directors, with express power of substitution, shall determine the reserve(s) to be used and the amount of such reserve(s) in accordance with the balance sheet used as a basis for the transaction.

The New Shares shall be issued at par, i.e. at their nominal value of seventy-five euro cents, without a share premium, and shall be allocated without charge to the shareholders of the Company who have opted for this remuneration alternative.

Pursuant to the provisions of Section 311 of the "Companies Act", the possibility of an incomplete allocation of the Increases in Capital is contemplated in the event that the Company, a company within its group, a shareholder or a third party waives all or part of the free-of-charge allocation rights to which they are entitled at the time of implementation of each of the Increases in Capital, for which reason, in the event of such waiver, the share capital shall be increased by the corresponding amount. For these purposes, it shall be deemed that those who have chosen to receive their remuneration in cash by means of collecting the Dividend in question with respect to all or part of their shares expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares, upon the terms and conditions set forth herein.

4.1 New Shares to be issued in each of the Increases in Capital

The maximum number of New Shares to be issued in each of the Increases in Capital shall be the number resulting from the application of the following formula, with the resulting number being rounded to the next lower integer:

$$\text{NNS} = \text{TNShrs.} / \text{Num. rights}$$

where:

NNS = Maximum number of New Shares to be issued within the framework of the relevant Increase in Capital;

TNShrs. = Number of shares of the Company outstanding on the date that the Board of Directors (with express power of substitution) resolves to implement the relevant Increase in Capital. In this regard, those shares of the Company

that have previously been retired by virtue of the implementation of the resolution approving the reduction in share capital by means of the retirement of own shares submitted to the shareholders for approval at the General Shareholders' Meeting under item 11 on the agenda, even if the corresponding public instrument formalising the reduction in share capital has not been executed or is pending registration with the Commercial Registry, shall not be deemed to be outstanding shares of the Company; and

Num. rights = Number of free-of-charge allocation rights required for the allocation of one New Share within the framework of the relevant Increase in Capital, which number will result from the application of the following formula, with the result being rounded to the next higher integer:

Num. rights = TNShrs. / Provisional number of shares

where:

Provisional number of shares = Amount of the Option / ListPri.

For these purposes, "**Amount of the Option**" shall mean the maximum reference market value of the relevant Increase in Capital to be set by the Board of Directors (with express power of substitution) and which shall not be greater than the amount referred to in the proposed Increase in Capital resolutions submitted for the approval of the shareholders at the General Shareholders' Meeting under items 9 and 10 on the agenda (i.e. €2,950 and €2,000 million, respectively).

For its part, "**ListPri**" shall be the arithmetic mean of the average weighted listing prices of the Company's shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges through the Automated Quotation System (Sistema de Interconexión Bursátil) (Continuous Market) for the five trading sessions determined by the Board of Directors (or the body acting by delegation therefrom) to set the number of free-of-charge allocation rights needed for the allocation of one New Share in the relevant Increase in Capital, with the result being rounded to the closest one-thousandth part of one euro.

The maximum number of New Shares to be issued thus calculated shall be rounded to obtain a whole number of shares (with the result being rounded to the next lower integer) and a ratio for the conversion of rights into shares that is also an integer (with the result being rounded to the next higher integer). In addition, and for the same purposes, the Company (or any company within its group that holds shares of the Company) shall waive the corresponding free-of-charge allocation rights as provided in section 4.2 below.

Furthermore, the gross amount per share of the Dividend in question, or if the Requirements are not met in the Second Implementation, the Fixed Purchase Price per free-of-charge allocation right will be that which results from the application of the following formula, with the result being rounded to the closest one-thousandth part of one euro:

Dividend (or, if applicable, Fixed Purchase Price) = ListPri / (Num. rights +1)

4.2 Free-of-charge allocation rights

In each of the Increases in Capital, each outstanding share of the Company on the date of Implementation of the corresponding Increase in Capital (TNShrs.) shall grant its holder one free-of-charge allocation right.

The number of free-of-charge allocation rights required to receive one New Share in each of the Increases in Capital shall be automatically determined according to the ratio existing between the number of outstanding shares of the Company on the date of Implementation of the relevant Increase in Capital (TNShrs.) and the provisional number of New Shares, calculated by using the formula contained in Section 4.1 above. Specifically, the holders of free-of-charge allocation rights shall be entitled to receive one New Share for the number of free-of-charge allocation rights held by them, which shall be determined as provided in Section 4.1 above (Num. rights).

If the number of free-of-charge allocation rights required for the allocation of one New Share (Num. rights) multiplied by the number of New Shares to be issued (NNS) results in a number that is lower than the number of outstanding shares of the Company on the date of Implementation of the corresponding Increase in Capital (TNShrs.), the Company (or any company within its group that holds shares of the Company) shall waive a number of free-of-charge allocation rights equal to the difference between both figures for the sole purpose that the number of New Shares be a whole number and not a fraction.

The free-of-charge allocation rights shall be allocated to those who are registered as being entitled thereto in the book-entry registers of IBERCLEAR on the relevant date pursuant to the securities clearing and settlement rules from time to time in effect. In this regard, the Company will waive the free-of-charge allocation rights corresponding to the shares of the Company that have been retired prior to the date of Implementation of the corresponding Increase in Capital if said shares have not yet been removed from the book-entry registers of IBERCLEAR because the corresponding public instrument formalising the implementation of the resolution on the reduction in share capital, the approval of which is submitted to the shareholders at the General Shareholders' Meeting under item 11 on the agenda, has not yet been executed or is still pending registration.

The free-of-charge allocation rights shall be transferable upon the same terms as the shares from which they derive and may be traded on the market during such term as is established by the Board of Directors (with express power of substitution) in implementing the relevant Increase in Capital, which term shall not be less than fourteen calendar days. During such term, a sufficient number of free-of-charge allocation rights may be acquired on the market in the proportion required to receive New Shares. Notwithstanding the foregoing, the free-of-charge allocation rights acquired on the market during the trading period established for this purpose shall not give the acquiring party the right to choose to receive the corresponding Dividend (or, if applicable, to exercise the Purchase Commitment and receive the Fixed Purchase Price). Therefore, the new holders of these free-of-charge allocation rights may only monetise their

investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may choose to receive the fully paid-up New Shares to which they are entitled at the end of the aforementioned trading period.

Therefore, during the trading period for the free-of-charge allocation rights, subject to any other terms and conditions established by the Board of Directors (with express power of substitution), the holders of the free-of-charge allocation rights may choose between:

- (a) receiving their remuneration in New Shares, in which case, at the end of the period for trading the free-of-charge allocation rights, they shall be allocated the New Shares to which they are entitled pursuant to the terms and conditions of the implementation of the Increase in Capital in question;
- (b) transferring all or part of their free-of-charge allocation rights on the market, in which case the consideration that the holders of free-of-charge allocation rights will receive for the sale thereof will depend on market conditions in general and on the listing price of said rights in particular; or
- (c) only during the Common Election Period determined by the Board of Directors (with express power of substitution), receiving their remuneration in cash by collecting the corresponding Dividend (or, if applicable, by collecting the Fixed Purchase Price), for which purpose the shareholders shall be required to make an express election in this regard. The shareholders may choose to receive their cash remuneration with respect to all or part of their shares.

In this case, it shall be deemed that those choosing to receive their remuneration in cash with respect to all or part of their shares expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares and the ability to transfer them on the market. To this end, the participants in IBERCLEAR will block said free-of-charge allocation rights, which may not be transferred on the market and which shall automatically expire at the end of the trading period, without the holders thereof being entitled to receive New Shares.

Based on their preferences and needs, the Company's shareholders may combine any of the alternatives mentioned in paragraphs (a) through (c) above. In any event, the election of one of the remuneration options automatically excludes the ability to choose either of the other two options regarding the same shares, for which reason the ability to combine options referred to above will only be possible with respect to different groups of shares.

The Company assumes no liability for the choices made by the holders of the free-of-charge allocation rights (or for a failure to choose, if an express and valid communication is not received from said holders).

The Company also rejects any liability of any kind as a result of the failure of the depositaries to transmit in due time and form the election requests made by the holders of free-of-charge allocation rights. In this regard, it should be noted that, in the event that the elections of the holders of free-of-charge allocation rights are not

processed by the depositaries in a timely manner, they may receive the default flexible remuneration option (i.e. the delivery of new fully paid-up shares in the Company). Any claims on these grounds must be made directly to the depositaries.

It is also stated for the record that the only period authorised for the holders of free-of-charge allocation rights to communicate to the entities with which their rights are deposited their preferences regarding the remuneration options is the Common Election Period, regardless of whether they are institutional or minority holders of rights. The Company assumes no liability for a breach of this period by the depositaries (whether due to not accepting communications during a portion of the Common Election Period, for accepting them after the passage of said period, or for any other reason), for which reason any claim in this regard must be addressed by the shareholders or holders of free-of-charge allocation rights to the depositary in question.

4.3 Balance sheet for the transaction and reserve with a charge to which the Increases in Capital are carried out

The balance sheet used as a basis for the two Increases in Capital is the one for the financial year ended 31 December 2024, duly audited and submitted to the shareholders for approval at this General Shareholders' Meeting under item 1 on the agenda.

The Increases in Capital shall be entirely carried out with a charge to the reserves contemplated in Section 303.1 of the "Companies Act". When implementing each of the Increases in Capital, the Board of Directors, with express power of substitution, shall determine the reserve(s) to be used and the amount of such reserve(s) in accordance with the balance sheet used as a basis for the transaction.

4.4 Representation of the New Shares

The New Shares will be represented by book entries, the book-entry registration of which is entrusted to IBERCLEAR and its participants.

4.5 Rights attaching to the New Shares

As from the date on which the relevant Increase in Capital is declared to be subscribed and paid up, the New Shares shall grant the holders thereof the same financial, voting and like rights as the ordinary shares of the Company then outstanding.

4.6 New Shares that cannot be allocated to their holders

Once the period for trading the free-of-charge allocation rights during each of the Increases in Capital has ended, the New Shares that could not be allocated for reasons not attributable to the Company shall be kept available for those who provide evidence that they are the lawful holders of the corresponding free-of-charge allocation rights. Once six years have passed from the end of the relevant period for trading the free-of-charge allocation rights, the New Shares issued by virtue of the relevant Increase in Capital that are still pending allocation will become owned by the Company.

In addition and in line with the foregoing, there will be a change to the rules applied to date with respect to the new shares not allocated for reasons not attributable to the Company, issued in increases in capital executed to implement previous editions of the “Iberdrola Flexible Dividend” or “Iberdrola Retribución Flexible” system that are pending allocation. In this way:

- (a) Once three years have passed from the end date of the trading periods for the free-of-charge allocation rights for each of the increases in capital executed to implement the two editions of the 2022, 2023 and 2024 “Iberdrola Retribución Flexible” optional dividend systems, the six-year period at the end of which the Company will become the owner of the new shares that are pending allocation will start to run.
- (b) Once six years have passed from the current date (i.e. on 30 May 2031), the Company will become the owner of all of the new shares not allocated for reasons not attributable to the Company, issued in increases in capital executed to implement pre-2022 editions of the “Iberdrola Flexible Dividend” or “Iberdrola Retribución Flexible” system that are pending allocation.

In any event, during the periods referred to in the two preceding sections, the new shares pending allocation will be kept available for those who provide evidence that they are the lawful holders of the corresponding free-of-charge allocation rights.

4.7 Application for admission to trading

The Company shall make application for trading the New Shares to be issued as a consequence of each of the Increases in Capital on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges, through the Automated Quotation System (Sistema de Interconexión Bursátil) (Continuous Market), and shall carry out such acts and formalities as are required and submit the documents needed to the appropriate bodies for admission to trading of the New Shares issued as a result of each of the approved Increases in Capital, with an express statement for the record of the Company’s submission to the rules that may now or hereafter exist with respect to Stock Exchange matters, and especially regarding trading, continued trading and removal from trading on official markets.

Any subsequent request for removal from trading of the shares of the Company shall be adopted with the same formalities as those that apply to the application for trading and, in such event, the interests of the shareholders opposing or not voting on the resolution to remove shall be safeguarded, in compliance with the requirements set out in applicable law at such time.

5. Application of the “Iberdrola Retribución Flexible” optional dividend system. Implementations

Within a period of one year from the date of approval of this resolution, the Board of Directors (with express power of substitution) may set the date on which each Implementation must be carried out and set the terms and conditions thereof as to all

matters not provided for in this resolution (including, in particular, the Amount of the Option corresponding to each of the Implementations and the Supplementary Dividend).

Furthermore, it is expected that prior to 31 December 2025, the Board of Directors will determine the Interim Dividend to be paid for purposes of the Second Implementation as well as the other conditions applicable to the Interim Dividend, pursuant to the provisions of Section 277 of the "Companies Act". To this end, and in accordance with the provisions of Section 161 of the "Companies Act", the shareholders acting at this General Shareholders' Meeting hereby instruct the Board of Directors, if the Requirements are met, to approve the payment of the Interim Dividend and set the terms and conditions applicable to the corresponding Dividend Payment, all in order to carry out the Second Implementation.

Notwithstanding the foregoing, if the Board of Directors (with express power of substitution) does not deem it advisable to carry out one or both Implementations, in whole or in part, within the aforementioned period, it may refrain from doing so, with the duty to inform the shareholders thereof at the next General Shareholders' Meeting.

Specifically, the Board of Directors (with express power of substitution) shall analyse and take into account the market conditions, the circumstances of the Company itself or those deriving from an event that has social or financial significance for the Company and, if these or other factors make it inadvisable, in its opinion, to carry out one or both Implementations, it may refrain from doing so. In addition, the resolutions approved by the shareholders at this General Shareholders' Meeting relating to the Supplementary Dividend and to the Increases in Capital shall be deprived of any and all effect in the event that the Board of Directors (or the body acting by delegation therefrom) does not exercise the powers delegated thereto or, in the case of the Second Implementation, does not approve the payment of the Interim Dividend or honour the Purchase Commitment, within a period of one year from approval of the resolutions.

Once the period for trading the free-of-charge allocation rights corresponding to each of the Increases in Capital has ended, the following shall apply:

- (a) The New Shares shall be allocated to those who, according to the book-entry registers maintained by IBERCLEAR and its participants, are the holders of free-of-charge allocation rights in the proportion resulting from section 4 above due to not having waived them on the terms provided above.
- (b) The period for trading the free-of-charge allocation rights shall be declared to have ended and the appropriation of the account(s) with a charge to which the relevant Increase in Capital will be implemented shall be formalised on the books in the respective amount, with which appropriation the Increase in Capital will be paid up.
- (c) The Company shall pay the Supplementary Dividend or the Interim Dividend (or, if the Requirements are not met within the framework of the Second Implementation, the Fixed Purchase Price), as applicable, to the shareholders that have expressly chosen this remuneration option within

the period and subject to the terms and conditions determined for these purposes by the Board of Directors (with express power of substitution), pursuant to the provisions of section 2 above.

Likewise, once each of the periods for trading the free-of-charge allocation rights has ended, the Board of Directors (with express power of substitution) shall adopt the resolutions required to amend the "By-Laws" so that they reflect the new amount of the share capital and the number of shares resulting from the implementation of the relevant Increase in Capital, and to make application for trading of the resulting New Shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges, through the Automated Quotation System (Continuous Market).

6. Delegation to carry out each of the Implementations

In particular, and by way of example only, the following powers are delegated to the Board of Directors (with express power of substitution):

- (a) To set the date on which each of the Implementations must be carried out, which shall in any case be within a period of one year from the approval of this resolution, and to determine the specific schedule for each of the Implementations.
- (b) As regards each of the Implementations, to set the Amount of the Option, the amount of the Supplementary Dividend (in the case of the First Implementation), the number of New Shares and the number of free-of-charge allocation rights necessary for the allocation of one New Share, applying the rules established by this resolution for such purpose.
- (c) To determine the reserve(s), among those contemplated in this resolution, with a charge to which each of the Increases in Capital will be implemented.
- (d) To designate the company or companies that will assume the duties of agent and/or financial adviser in connection with each of the Implementations, and sign all required contracts and documents for such purpose. In particular, to appoint the entity that must act as paying agent in each of the Dividend Payments.
- (e) To determine the five trading sessions used to set the "ListPri"; as well as to perform the mathematical calculations provided for this resolution and thus to calculate and set the "ListPri", which shall be the arithmetic mean of the average weighted listing prices of the Company's shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges through the Automated Quotation System (Sistema de Interconexión Bursátil) (Continuous Market) during said five trading sessions.
- (f) To set the duration of the periods for trading the free-of-charge allocation rights corresponding to each of the Increases in Capital.
- (g) As regards each of the Implementations, to set the specific duration of the Common Election Period and the terms and conditions under which the shareholders may state their preferences regarding the receipt of their remuneration (in cash or in New Shares).
- (h) After the Common Election Period for each Implementation has ended, to determine the aggregate gross amount in euros corresponding to the

Dividend Payment in question and to make payment thereof through the participants in IBERCLEAR.

- (i) To declare the Increases in Capital to be closed and implemented, for such purpose setting the number of New Shares actually allocated in each of them, and therefore the amount by which the Company's share capital must be increased in accordance with the rules established by the shareholders at this General Shareholders' Meeting, as well as declare, if applicable, the existence of an incomplete allocation of each of the Increases in Capital.
- (j) To rescind the resolution on payment of the corresponding Dividend with respect to the amounts that were not paid to those shareholders who elected (expressly or implicitly) to receive New Shares.
- (k) In the case of the First Implementation, to determine the aggregate total amount to be paid as a dividend with a charge to the results for the financial year ended 31 December 2024 pursuant to the provisions of item 8 on the agenda (i.e. the final amount of the Supplementary Dividend), to specify, in view of said amount, the amount of the total basis for distribution established in said item on the agenda to be allocated to remainder, and to complete the resulting proposed allocation of profits and payment of the dividend for financial year 2024.
- (l) In the case of the First Implementation and if the Board of Directors, with express power of substitution, does not deem it appropriate to implement it, in whole or in part, during said period, to determine the aggregate total amount that has been paid as a dividend with a charge to the results for the financial year ended 31 December 2024 (which shall be equal to the total amount paid on account of the dividend for said financial year), to specify the amount of the total basis for distribution established in said item on the agenda to be allocated to remainder, and to complete the resulting proposed allocation of profits and payment of the dividend for financial year 2024.
- (m) To amend the article of the "By-Laws" setting the share capital such that it reflects the amount of share capital and the number of outstanding shares resulting from the implementation of the relevant Increase in Capital.
- (n) To waive, if appropriate, and in each of the Increases in Capital, free-of-charge allocation rights to subscribe New Shares for the sole purpose of facilitating that the number of New Shares be a whole number and not a fraction, as well as any free-of-charge allocation rights allocated to shares of the Company that have been retired prior to the date of implementation of the corresponding Increase in Capital if said shares have not yet been removed from the book-entry registers of IBERCLEAR because the corresponding public instrument formalising the implementation of the resolution approving the reduction in share capital, the approval of which is submitted to the shareholders at the General Shareholders' Meeting under item 11 on the agenda, has not yet been executed or is still pending registration.
- (o) If the Purchase Commitment must be honoured within the framework of the Second Implementation due to the Requirements for the payment of the Interim Dividend not having been met, to determine the acquisition by the

Company of the corresponding free-of-charge allocation rights, set the period of time during which the Purchase Commitment will be in effect (within the limits established in the resolutions), honour the Purchase Commitment by paying the corresponding amounts to the shareholders who have accepted said commitment, waive the free-of-charge allocation rights owned by the Company at the end of the trading period of the Second Implementation as a result of the Purchase Commitment, and thus the New Shares corresponding to such rights, and take any other measures or actions needed to fully honour the Purchase Commitment.

- (p) To take all steps required for the New Shares to be included in the book-entry registers of IBERCLEAR and admitted to trading on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges through the Automated Quotation System (Continuous Market) after each of the Increases in Capital.
- (q) To take any actions that are necessary or appropriate to implement and formalise each of the Increases in Capital before any Spanish or foreign public or private entities or agencies, including acts for purposes of representation, supplementation or correction of defects or omissions that might prevent or hinder the full effectiveness of the foregoing resolutions.
- (r) To approve and implement such technical or other mechanisms as IBERCLEAR and the IBERCLEAR participants may deem necessary or appropriate in order to make any corresponding payment on account.
- (s) To perform any acts that may be necessary in connection with the procedures described in Section 4.6 above regarding the New Shares that cannot be allocated to their holders for reasons not attributable to the Company.

7. Sample calculation relating to the First Implementation

Set out below, solely for purposes of facilitating an understanding of the application hereof, is a sample calculation, in the case of the First Implementation, of the maximum number of New Shares to be issued in the Increase in Capital submitted for the approval of the shareholders at the General Shareholders' Meeting under item 9 on the agenda, of the maximum nominal value of such increase, of the number of free-of-charge allocation rights required for the allocation of one new share and of the Dividend (which in this First Implementation would be the Supplementary Dividend).

The results of these calculations are not representative of those that might be obtained, which, in the case of the First Implementation, will depend on the different variables used in the formulas (basically, the listing price of the Company's shares at that time (ListPri) and the Amount of the Option, as determined by the Board of Directors (with express power of substitution) in exercise of the power delegated by the shareholders at the General Shareholders' Meeting).

Solely for the purposes of this example:

- The Amount of the Option is €2,663 million.
- The TNShrs. is 6,240,000,000 ¹.
- A ListPri of €14.080 is assumed (solely for the purposes of this example, the listing price of the Company's shares at the closing of the trading session of 17 March 2025 has been used as a reference).

Therefore:

Provisional number of shares = Amount of the Option / ListPri	$2,663,000,000.00 / 14.080 =$ $189,133,522.727273 \approx 189,133,522$ shares (rounded downwards)
Num. rights = TNShrs. / Provisional number of shares	$6,240,000,000 / 189,133,522 =$ $32.9925649034337000 \approx 33$ rights (rounded upwards)
NNS = TNShrs. / Num. rights	$6,240,000,000 / 33 = 189,090,909.090909$ $\approx 189,090,909$ shares (rounded downwards)
Dividend = ListPri / (Num. rights + 1)	$14.080 / (33 + 1) = \text{€}0.414$

Therefore:

- The maximum number of New Shares to be issued in the First Implementation would be 189,090,909.
- The maximum nominal amount of the Increase in Capital submitted for approval of the shareholders at the General Shareholders' Meeting under item 9 on the agenda would be €141,818,181.75 (189,090,909 x 0.75).
- 33 free-of-charge allocation rights (or old shares) would be necessary for the allocation of one new share.
- In this example, the Company would be required to waive 3 free-of-charge allocation rights corresponding to 3 own shares in order for the number of shares to be issued to be an integer.

¹ For purposes of this example, it is assumed that this would be the total number of shares of the Company outstanding after the implementation of the reduction in share capital provided for in the resolution corresponding to item 11 on the agenda if it is implemented in the total maximum amount thereof (i.e. 6,240,000,000 outstanding shares of the Company).

- (e) In this example, the Supplementary Dividend would be equal to €0.414 (gross) per share.

ITEM 11 ON THE AGENDA

Reduction in capital by means of the retirement of a maximum of 200,561,000 own shares (3.114% of the capital).

RESOLUTION

1. Reduction in share capital by means of the retirement of own shares

To reduce the share capital of “Iberdrola, S.A.” (the “**Company**”) by a maximum of €150,420,750.00 through the retirement of a maximum of 200,561,000 own shares, each with a nominal value of €0.75, representing not more than 3.114% of the share capital at the time of the approval of the corresponding resolution by the shareholders at the General Shareholders' Meeting (the “**Reduction in Capital**”).

The Reduction in Capital shall be implemented by means of:

- (a) The acquisition of shares for their retirement through:
- (i) the implementation of a programme for the buy-back of own shares, targeted at all the shareholders, approved by the Board of Directors at its meeting held on 25 March 2025² (the “**Buy-back Programme**”), which will be launched following the call to the General Shareholders' Meeting; and
 - (ii) the settlement of certain derivatives acquired by the Company prior to the date on which the Board of Directors (or the body acting by delegation therefrom) launches the Buy-back Programme (the “**Settlement of Derivatives**”).
- (b) The retirement of own shares held in treasury following the close of the trading session on the day prior to the date on which the Board of Directors (or the body acting by delegation therefrom) launches the Buy-back Programme (the “**Treasury Shares**”).

The Company shall communicate both the approval and the launch of the Buy-back Programme to the market by issuing the corresponding notices of other relevant information, which shall be published on the corporate website (www.iberdrola.com)

² Pursuant to: (i) “Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse” and “Commission Delegated Regulation (EU) No 2016/1052 of 8 March 2016 supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council with regard to regulatory technical standards for the conditions applicable to buy-back programmes and stabilisation measures” (the “**Regulations**”); and (ii) the authorisation granted by the shareholders at the General Shareholders' Meeting held on second call on 17 June 2022 under item 19 on the agenda.

and on the website of the National Securities Market Commission (Comisión Nacional del Mercado de Valores) (CNMV) (www.cnmv.es).

The Company's Board of Directors (with express power of substitution) shall set the terms and conditions of the Buy-back Programme (including the setting of the maximum number of shares to be acquired within the framework thereof and its effective period), the maximum potential amount of the Settlement of Derivatives, and the final figures for the Treasury Shares and the Reduction in Capital.

Once the Board of Directors (or the body acting by delegation therefrom) has determined the final amount of the Reduction in Capital, Article 10 of the "By-Laws" setting the share capital would be amended such that it reflects the new amount of share capital and the new number of outstanding shares.

2. Procedure for acquisition of the shares that will be retired

The total number of shares that the Company will be able to retire will be the sum of: (a) the shares acquired through the Buy-back Programme and the Settlement of Derivatives; and (b) the Treasury Shares. This number will be a maximum of 200,561,000 own shares, each with a nominal value of €0.75, representing not more than 3.114% of the Company's share capital (the "**Maximum Limit**").

As provided in the resolution of the Board of Directors approved at its meeting held on 25 March 2025, own shares shall be acquired within the framework of the Buy-back Programme subject to the terms as to price and volume established in the Regulations.

In order to observe the Maximum Limit in any case, an overall limitation would apply to the maximum number of shares to be retired that have been acquired in implementation of the Buy-back Programme and pursuant to the Settlement of Derivatives (the "**Overall Limit**").

Thus, if the number of shares acquired in implementation of the Buy-back Programme and by virtue of the Settlement of Derivatives does not exceed the Overall Limit, pursuant to Section 340.3 of the "Companies Act" it would be deemed that the share capital of the Company is reduced by the sum of the Treasury Shares and the total number of shares acquired in implementation of the Buy-back Programme and by virtue of the Settlement of Derivatives.

However, if the shares acquired in implementation of the Buy-back Programme and pursuant to the Settlement of Derivatives do exceed the Overall Limit, the Treasury Shares and all of the own shares acquired in implementation of the Buy-back Programme would be retired. On the other hand, a number equal to the difference between the Overall Limit and the shares actually acquired in implementation of the Buy-back Programme would be retired from the own shares acquired pursuant to the Settlement of Derivatives. In this way, the remainder of any own shares acquired as a result of the Settlement of Derivatives would not be subject to retirement upon the Reduction in Capital and will remain in treasury, always within the limits provided by applicable law.

3. Procedure for the reduction and reserves with a charge to which it is carried out

Pursuant to the provisions of Section 342 of the “Companies Act”, the Reduction in Capital must be implemented within one month following the expiration of the Buy-back Programme.

The Reduction in Capital does not entail a return of contributions to the shareholders because the Company itself is the holder of the shares being retired, and it shall be carried out with a charge to unrestricted reserves by funding a retired capital reserve in an amount equal to the nominal value of the retired shares; such reserve may only be used by complying with the same requirements as those applicable to a reduction in share capital, as provided by Section 335 c) of the “Companies Act”.

Therefore, in accordance with the provisions of such section, creditors of the Company will not be entitled to assert the right of objection contemplated by Section 334 of the “Companies Act” in connection with the Reduction in Capital.

4. Ratification of the resolutions of the Board of Directors

To ratify both the resolutions of the Board of Directors regarding the approval of the Buy-back Programme as well as the actions, statements and formalities to date regarding the public communication of the Buy-back Programme.

5. Delegation of powers

To delegate to the Board of Directors, with express power of substitution, the powers necessary to implement this resolution within a period not exceeding one month following the expiration of the Buy-back Programme, with authority to establish any terms that are not expressly set forth in this resolution or that are a consequence hereof. In particular, and by way of example only, the following powers are delegated to the Board of Directors, with express power of substitution:

- (a) To perform any acts, make any statements or take any steps that may be required in connection with the public communication of the Buy-back Programme and with the formalities, if any, that must be carried out at Spanish regulatory agencies and Stock Exchanges; and negotiate, agree to and sign all contracts, agreements, commitments or instructions that may be necessary or appropriate for the successful completion of the Buy-back Programme.
- (b) To cause all legally required announcements to be published, acquire the shares under the Buy-back Programme and retire them within one month following the expiration of the Buy-back Programme, in accordance with the terms approved herein.
- (c) To declare the approved Reduction in Capital completed and implemented, establishing, for such purpose, the final number of shares that must be retired and, as a result, the amount by which the share capital of the Company must be reduced in accordance with the terms established in this resolution.
- (d) To set the final amount of the Reduction in Capital based on the provisions of this resolution and establish any other terms that may be required to implement it, including, without limitation, the setting of the unrestricted

reserves account that will be used to fund the retired capital reserve, all in accordance with the terms and conditions set forth above.

- (e) To amend Article 10 of the “By-Laws” setting the share capital such that it reflects the amount of share capital and the number of outstanding shares resulting from the implementation of the Reduction in Capital.
- (f) To take such steps and carry out such formalities as may be required and submit such documents as may be necessary to the competent bodies such that, once the shares of the Company have been retired and the notarial instrument for the Reduction in Capital has been executed and registered with the Commercial Registry, the retired shares are delisted from the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges, through the Automated Quotation System (Continuous Market), and they are removed from the corresponding book-entry registers of “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.” (Sociedad Unipersonal) (IBERCLEAR).
- (g) To perform all acts that may be necessary or appropriate to implement and formalise the Reduction in Capital before any Spanish or foreign public or private entities and agencies, including acts for purposes of representation, supplementation or correction of defects or omissions that might prevent or hinder the full effectiveness of the foregoing resolutions.

Pursuant to the provisions of Section 249 bis.1) of the “Companies Act”, to expressly authorise the Board of Directors to further delegate the powers referred to in this resolution.

RESOLUTION

1. Authorisation to the Board of Directors to issue marketable securities

To authorise the Board of Directors to issue simple debentures or bonds, commercial paper and other fixed-income securities of a similar nature, not exchangeable or convertible into shares.

2. Term

The issuance of the securities covered by the authorisation may be effected on one or more occasions within a maximum period of five years following the date of approval of this resolution.

3. Maximum amount

- (a) The total maximum net amount of simple debentures or bonds and of other fixed-income securities of a similar nature (other than commercial paper) issued under this authorisation may not exceed €40,000 million or the equivalent thereof in another currency. This limit is independent of the limit set out in paragraph (b) below.
- (b) The total maximum net amount of the commercial paper, issued under this authorisation, may not exceed €8,000 million or the equivalent thereof in another currency. This limit is independent of the limit set out in paragraph (a) above.

In order to determine whether each of these limits has been reached, the amounts corresponding to repayments or repurchase made or occurring during the effective term of this authorisation shall be deducted from new issues approved under this authorisation.
