

Our sustainability roadmap

Our sustainability roadmap

Initiatives during the period

Boosting electricity

We founded **East-West Digital** in Qatar to accelerate AI solutions in sustainability and energy efficiency.

Protecting nature

Iberdrola and FCC inaugurate EnergyLoop, the first plant dedicated exclusively to recycling wind turbine blades in the Iberian Peninsula.

Sustainable value chain

We launched **“niba,”** a 100% digital neo-energy company focused on agility, artificial intelligence, and customer focus.

Strengthening human and social capital

Neoenergia renews its "Great Place to Work" certification for the second consecutive year.

Good governance

Massive support at the General Shareholders' Meeting: 99.4% support for the Board of Directors' proposals.

Recognition for strong sustainability performance

For another year, we are leaders in good corporate governance practices in Spain, according to **World Finance**.

The UN recognizes Neoenergia's "Potencialize" program as a benchmark for best corporate practices.

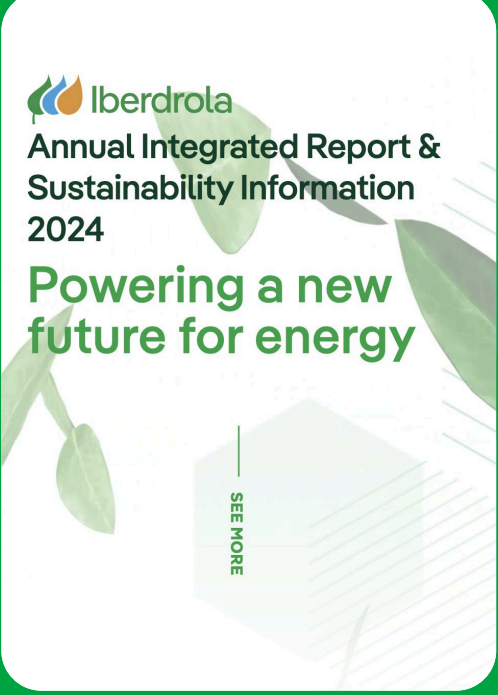

Iberdrola, recognized as the **Ibex 35 company with the best compliance practices** at Expansión's "Compliance Awards."

Iberdrola has been recognized at the **2025 RENMAD Storage Awards** for its leadership in innovation.
