

# SUSTAINABLE MOBILITY

## EVERY 100 KM

Installation of more than 200 fast recharging stations - one every 100km - on the country's main motorways, covering all the provincial capitals.

## RAPID CHARGING

Recharges between 20 and 30 minutes (fast and super-fast) and between 5 and 10 minutes in the ultra-fast points.

## A REALITY IN 2018

30 rapid recharging points operational in 2018 and more than 200 by 2019.

## ACCESSIBLE BY MOBILE PHONE

Whether or not you are an Iberdrola customer, you will be able to geolocate, book and pay for your recharges using your mobile phone.

## SUSTAINABLE MOBILITY

25,000 electric car recharging points in homes, work centres and on urban and interurban roads in Spain.
