ITEM NUMBER FIVE ON THE AGENDA

Amendment of the preamble and articles 4, 6, 7, 8, 22, 32, 33, 34 and 49 of the By-Laws in order to reflect the purpose and values of the Iberdrola group, formalise its commitment to the Sustainable Development Goals (SDGs) approved by the United Nations and improve the text using inclusive language.

RESOLUTION

To amend the preamble and articles 4, 6, 7, 8, 22, 32, 33, 34 and 49 of the By-Laws in order to reflect the purpose and values of the Iberdrola group, formalise its commitment to the Sustainable Development Goals (SDGs) approved by the United Nations and improve the text using inclusive language. The preamble and said articles shall hereafter read as follows:
Organised in 1901, Iberdrola represents a business model built on a purpose and certain values, the common denominator and main engine of which is a commitment to the creation of sustainable value in the performance of all of its activities for its professionals, suppliers and shareholders, the people to whom it supplies energy, society and other stakeholders.

These By-Laws constitute the core of its internal system of rules. Pursuant to the corporate autonomy recognised by law, they govern the company contract that all shareholders accept upon acquiring such status and lay the foundations and principles determining the governance of Iberdrola as the controlling entity of a multinational entity group.

The By-Laws go much beyond the content required by law and what is customary for listed companies in that they define in their preliminary title the foundations of Iberdrola as an independent, open holding company of an international industrial group, which is decentralised and committed to a purpose and values, as well as the Sustainable Development Goals (SDGs) approved by the United Nations. The By-Laws also recognise the fact that Iberdrola, due to its size and importance, constitutes an institutional reality, a focal point for many stakeholders and for the economic and social environment in which it does business.

The text of these By-Laws is inspired by the Iberdrola group’s purpose, to continue building together each day a healthier, more accessible energy model, based on electricity, as well as by its corporate values: sustainable energy, integrating force and driving force. The purpose and values of the Iberdrola group constitute its corporate philosophy, the ideological and axiological foundation on which its own business enterprise is based, the set of ideas, values and principles that inspire the organisation and conduct of Iberdrola and its group, guide the realisation of its object and specify and give substance to the corporate interest.

The regulatory nature of the purpose and values of the Iberdrola group is expressly recognised in the preliminary title of the By-Laws, at the top of its internal rules, as they are called upon to guide the application and interpretation thereof (always in accordance with applicable law), to govern the day-to-day activities of the Company, to channel its leadership role in its various areas of activity and to guide its sustainable development strategy and the ethical behaviour of all personnel participating in the daily construction of Iberdrola’s business enterprise.

In turn, these By-Laws, approved by the shareholders of the Company at a General Shareholders’ Meeting, the maximum governance body through which the people holding the legitimate ownership of Iberdrola express their desire, are the basis on which the Company has built its Corporate Governance System, a regulatory structure that ensures the effective articulation of the corporate purpose and values of the Iberdrola group in the form of a true regulatory system. As such, it is subject to continuous review and update in order to immediately conform to regulatory changes and to the most stringent international standards.

The Corporate Governance System makes up a business model that combines a decentralised decision-making structure, inspired by the principle of subsidiarity, with robust coordination mechanisms ensuring the global integration of all of the group’s businesses, all on the basis of an effective system of checks and balances that prevents the centralisation of power within a single governance body or a single person.

To the extent applicable thereto, Iberdrola’s By-Laws and the other provisions of its Corporate Governance System bind its shareholders, the members of the Board of Directors, senior management and other professionals, as well as any persons validly linked thereto on a general basis. All have the duty to comply with them, as well as the right to demand compliance therewith.”

"Article 32. Powers of the Board of Directors"

2. The determination of the number of directors shall be within the purview of the shareholders acting at a General Shareholders’ Meeting, for which purpose the shareholders may establish such number either by express resolution or indirectly through the filling or non-filling of vacancies or the appointment of new directors within the aforesaid minimum and maximum numbers.

3. The following may not be appointed as directors or as individuals representing a corporate director:
   
   a) Domestic or foreign companies competing with the Company in the energy industry or other industries, or the directors or members of senior management thereof, or such persons, if any, as are proposed by them in their capacity as shareholders.
   
   b) Individuals or legal entities serving as directors in more than three companies with shares trading on domestic or foreign stock exchanges.
   
   c) Persons who, during the two years prior to their appointment, have occupied high-level positions in Spanish government administrations that are incompatible with the simultaneous performance of the duties of a director of a listed company under Spanish national or autonomous community law, or positions of responsibility with entities regulating the energy industry, the securities markets or other industries in which the Group operates.

Resolutions proposed to the shareholders at a General Shareholders’ Meeting regarding the appointment, ratification and re-election of directors must be accompanied by a report providing the rationale for the proposal.

Article 34. Types of Directors

2. All other directors of the Company, whether proprietary, independent or other external, shall be deemed non-executive directors:

   a) Proprietary directors: those directors who own a shareholding interest that is equal to or greater than that legally regarded as significant at any time, or who have been appointed owing to their status as shareholders, even if their shareholding interest does not reach such amount, as well as those representing the shareholders described above. However, if any of such directors at the same time performs management duties within the Company or the Group, such director shall be deemed an executive director.

   b) Independent directors: those directors who, having been appointed because of their personal and professional qualities, may carry out their duties without being constrained by relationships with the Company or its Group, its significant shareholders, its management personnel or with the other directors.    c) Other external directors: those non-executive directors who do not have the characteristics to be deemed proprietary or independent directors.

The Regulations of the Board of Directors may further elaborate upon and develop these concepts within the framework established by law.

3. The Board of Directors shall ensure that a majority of its members are independent directors. This instruction, as well as those set forth in these By-Laws and in the Regulations of the Board of Directors regarding the composition of the committees of the Board of Directors, shall be mandatory for such body, which must follow them in the exercise of its powers to propose appointments and re-elections of directors to the shareholders at a General Shareholders’ Meeting and to make interim appointments of directors to cover vacancies and in appointing members of the committees of the Board of Directors, and merely constitute guidance for the shareholders.

“Article 49. Powers of Information and Inspection

2. The exercise of the aforementioned powers shall be channelled through the secretary of the Board of Directors, who shall act on behalf of the chairman thereof pursuant to the provisions of the Corporate Governance System.”

ITEM NUMBER SEVEN ON THE AGENDA
Approval of the proposed allocation of profits/losses and distribution of dividends for financial year 2018, the supplementary payment of which will be made within the framework of the “Iberdrola Flexible Remuneration” optional dividend system.

RESOLUTION

To approve the proposed allocation of profits/losses and distribution of dividends for financial year 2018 formulated by the Board of Directors at its meeting held on 19 February 2019, which is described below:

To distribute, with a charge to the results of the financial year ended 31 December 2018, a dividend in the aggregate gross amount that will be equal to the sum of the following amounts (the “Dividend”):

a) 131,425,714.92 euros, which were paid on account of the dividend for financial year 2018 on 5 February 2019 to the holders of 870,368,973 shares of IBERDROLA, S.A. (the “Company” or “Iberdrola”) who elected to receive their remuneration in cash within the framework of the second implementation of the “Iberdrola Flexible Remuneration” system for financial year 2018 by collecting an amount of 0.151 euro (gross) per share (the total amount paid to said holders will be referred to as the “Total Interim Dividend”); and

b) the determinable amount resulting from multiplying:

i. the gross amount per share to be distributed by the Company as a supplementary dividend payment for financial year 2018 within the framework of the first implementation of the “Iberdrola Flexible Remuneration” optional dividend system for financial year 2019 (the “Supplementary Dividend”), and which will as determined by the Company’s Board of Directors pursuant to the rules set forth in the section “Common Terms and conditions of the dividend distribution and increase in capital resolutions proposed under items number seven, eight and nine on the agenda, by virtue of which the “Iberdrola Flexible Remuneration” optional dividend system is implemented, hereinafter, the “Common Terms”); by

ii. the total number of shares with respect to which the holders thereof have elected to receive the Supplementary Dividend within the framework of the first implementation of the “Iberdrola Flexible Remuneration” optional dividend system.

The amount of the Supplementary Dividend, and therefore the amount of the Dividend, cannot be determined as of the date of formulation of this proposed resolution.

For the purposes hereof, it is hereby noted that the payment of the Supplementary Dividend shall be implemented together with the implementation of the increase in capital submitted for approval of the shareholders at the General Shareholders’ Meeting under item number eight on the agenda, in order to offer the shareholders the ability to receive their remuneration in cash (by collecting the Supplementary Dividend) or in newly-issued bonus shares of the Company (through said increase in capital).

The collection of the Supplementary Dividend provided for in this resolution is thus configured, in accordance with the provisions of the Common Terms, as one of the alternatives that a shareholder of Iberdrola can choose when receiving their remuneration within the framework of the first implementation of the “Iberdrola Flexible Remuneration” optional dividend system for financial year 2019. As a result of the foregoing, and as described below in the Common Terms, it shall be deemed that those shareholders choosing to receive their remuneration in cash through the Supplementary Dividend with respect to all or part of their shares expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares and therefore the ability to transfer them on the market or receive newly-issued bonus shares corresponding to said free-of-charge allocation rights.

The distribution of the Supplementary Dividend, which is expected to take place during the month of July 2019, shall be implemented through the participants in “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR), the Board of Directors being hereby authorised to establish the specific date for payment of the Supplementary Dividend, to designate the entity that is to act as paying agent and to take such other steps as may be required or appropriate for the successful completion of the distribution.

The Board of Directors is also delegated the power to set the conditions applicable to the payment of the Supplementary Dividend to the extent not provided for in this resolution, including the determination of the specific gross amount of the Supplementary Dividend subject to the aforementioned rules.

Finally, pursuant to the provisions of section 249.2 of the Companies Act, the Board of Directors is expressly authorised to further delegate the powers referred to in this resolution.

The basis for distribution and the resulting proposed distribution (expressed in euros) is as follows:
**BASIS FOR DISTRIBUTION:**

Balance from prior financial years: 8,070,225,096.52

Profits for financial year 2018: 991,767,992.38

**TOTAL:** 9,061,993,088.90

**DISTRIBUTION:**

To Dividend: Amount pending determination which will result from adding: (a) the Total Interim Dividend, and (b) the product resulting from multiplying the Supplementary Dividend by the total number of shares with respect to which the holders thereof have elected to receive the Supplementary Dividend within the framework of the first implementation of the “Iberdrola Flexible Remuneration” optional dividend system.

To remainder: Determinable amount that will result from subtracting the amount allocated to the legal reserve and the amount allocated to the Dividend from the total basis for distribution.

**TOTAL:** 9,061,993,088.90

On the date that the Board of Directors (or the body acting by delegation therefrom) decides to implement the increase in capital that is being submitted for approval of the shareholders at the General Shareholders’ Meeting under item number eight on the agenda (and therefore, to commence the first implementation of the “Iberdrola Flexible Remuneration” optional dividend system for financial year 2019), the minimum amount of the Supplementary Dividend shall be announced. The final amount of the Supplementary Dividend shall be communicated as soon as the Board of Directors (or the body acting by delegation therefrom) determines it in accordance with the provisions of the Common Terms. Furthermore, once the first implementation of the “Iberdrola Flexible Remuneration” system for financial year 2019 is completed, the Board of Directors, with express power of substitution, shall proceed to specify the aforementioned proposed distribution, determining the final amount of the Dividend and the amount to be allocated to remainder.

The Common Terms include a sample calculation of the Supplementary Dividend, among other figures relating to the implementation of the increase in capital submitted for approval of the shareholders at the General Shareholders’ Meeting under item number eight on the agenda.

**ITEM NUMBER EIGHT ON THE AGENDA**

Approval of a first increase in capital by means of a scrip issue at a maximum reference market value of 1,520 million euros in order to implement the “Iberdrola Flexible Remuneration” optional dividend system.

**RESOLUTION**

To increase the share capital of IBERDROLA, S.A. (the “Company” or “Iberdrola”) upon the terms and conditions described in the section below, entitled “Common terms and conditions of the dividend distribution and increase in capital resolutions proposed under items number seven, eight and nine on the agenda, pursuant to which the “Iberdrola Flexible Remuneration” optional dividend system is implemented” (the “Common Terms”), at a maximum reference market value of 1,520 million euros for the shares to be issued in implementation of said increase.

The increase in capital shall be implemented together with the supplementary payment of the dividend submitted for approval of the shareholders at the General Shareholders’ Meeting under item seven on the agenda, in order to offer the shareholders the ability to receive their remuneration in cash (receiving said supplementary payment of the dividend) or in newly-issued bonus shares of the Company (through the increase in capital). The delivery of bonus shares issued within the context of the increase in capital is thus configured as one of the alternatives that a shareholder can choose when receiving their remuneration, pursuant to the provisions of the Common Terms.

Pursuant to the provisions of section 297.1.a) of the Companies Act, to delegate to the Board of Directors the power to set the date on which the increase in capital is to be carried out, if at all, and to set the terms and conditions applicable to all matters not included in this resolution.
Pursuant to the provisions of section 249.2 of the Companies Act, to expressly authorise the Board of Directors to further delegate the powers referred to in this resolution.

This increase in capital is expected to be implemented together with the supplementary payment of the dividend contemplated in item number seven on the agenda during the month of July 2019.

**ITEM NUMBER NINE ON THE AGENDA**

Approval of a second increase in capital by means of a scrip issue at a maximum reference market value of 1,235 million euros in order to implement the “Iberdrola Flexible Remuneration” optional dividend system.

**RESOLUTION**

To increase the share capital of IBERDROLA, S.A. (the “Company” or “Iberdrola”) upon the terms and conditions described in the section below, entitled “Common terms and conditions of the dividend distribution and increase in capital resolutions proposed under items number seven, eight and nine on the agenda, pursuant to which the “Iberdrola Flexible Remuneration” optional dividend system is implemented” (the “Common Terms”), at a maximum reference market value of 1,235 million euros for the shares to be issued in implementation of said increase.

The increase in capital is expected to be implemented together with the payment of the interim dividend amount for financial year 2019, if any, to be approved by the Company’s Board of Directors (the “Interim Dividend”) in order to offer the shareholders the ability to receive their remuneration in cash (by collecting the Interim Dividend) or in newly-issued bonus shares of the Company (through the increase in capital). The delivery of bonus shares issued within the context of the increase in capital is thus configured as one of the alternatives that a shareholder can choose when receiving their remuneration, pursuant to the provisions of the Common Terms.

Pursuant to the provisions of section 297.1.a) of the Companies Act, to delegate to the Board of Directors the power to set the date on which the increase in capital is to be carried out, if at all, and to set the terms and conditions applicable to all matters not included in this resolution.

Pursuant to the provisions of section 249.2 of the Companies Act, to expressly authorise the Board of Directors to further delegate the powers referred to in this resolution.

This increase in capital is expected to be implemented together with the Interim Dividend payment during the month of December 2019 or January 2020.

**COMMON TERMS AND CONDITIONS OF THE DIVIDEND DISTRIBUTION AND INCREASE IN CAPITAL RESOLUTIONS PROPOSED UNDER ITEMS NUMBER SEVEN, EIGHT AND NINE ON THE AGENDA, BY VIRTUE OF WHICH THE “IBERDROLA FLEXIBLE REMUNERATION” OPTIONAL DIVIDEND SYSTEM IS IMPLEMENTED**

1. Main Characteristics of the “Iberdrola Flexible Remuneration” Optional Dividend System

The purpose of the resolutions for the allocation of profits/losses and dividend distribution and increase in capital resolutions proposed under items number seven, eight and nine on the agenda is to implement the “Iberdrola Flexible Remuneration” optional dividend system pursuant to which the shareholders of IBERDROLA, S.A. (the “Company” or “Iberdrola”) are offered the ability to receive their remuneration in cash or in newly-issued bonus shares.

For this purpose, there shall be two implementations of the “Iberdrola Flexible Remuneration” system in each of which one dividend payment shall be made (each, a “Dividend Payment”, and collectively, the “Dividend Payments”) along with the implementations of the increases in capital (the “Increases in Capital” and each of them, an “Increase in Capital”) submitted for approval of the shareholders at the General Shareholders’ Meeting under items number eight and nine on the agenda:

(i) The first implementation of the “Iberdrola Flexible Remuneration” system, which is expected to take place during the month of July 2019 (the “First Implementation”), shall be carried out through the supplementary payment of the dividend for financial year 2018 contemplated in item number seven on the agenda (the “Supplementary Dividend”) together with the implementation of the Increase in Capital submitted for approval of the shareholders at the General Shareholders’ Meeting under item number eight on the agenda.

(ii) The second implementation of the “Iberdrola Flexible Remuneration” system, which is expected to take place during the months of December 2019 or January 2020 (the “Second Implementation”, and collectively with the First Implementation, the “Implementations” and each of the Implementations, individually, an “Implementation”), shall be carried out through the payment of an interim amount of the dividend for financial year 2019 (the “Interim Dividend”) to be approved, if appropriate, by the Board of Directors pursuant to the provisions of section 2.2 below,
together with the implementation of the Increase in Capital submitted for approval of the shareholders at the General Shareholders’ Meeting under item number nine on the agenda.

The Supplementary Dividend and the Interim Dividend shall hereinafter be referred to collectively as the "Dividends" and each of the Dividends individually as a "Dividend".

In each of the Implementations, the shareholders may choose from among the following options upon the terms and conditions established by the Board of Directors.

(a) Receiving their remuneration in cash by collecting the Dividend in question (whether with respect to all of their shares or a portion thereof), for which purpose the shareholders shall be required to make an express election in this regard.

(b) Receiving their remuneration in newly-issued bonus shares of the Company. To this end, shareholders must refrain from transferring their free-of-charge allocation rights on the market. In this case, at the end of the trading period for the free-of-charge allocation rights, the shareholders shall receive such number of new shares (as they are proportionately entitled to receive), entirely as bonus shares.

(c) Transferring all or part of their free-of-charge allocation rights on the market during the trading period pursuant to the provisions of section 5 below.

The final amount of each of the Dividend Payments and of each of the Increases in Capital shall be determined by the Company's Board of Directors (or the body acting by delegation therefrom) within the context of each of the Implementations and pursuant to the provisions of the sections below.

Within the year following the date of approval of the resolutions included in items number seven, eight and nine on the agenda, each of the Implementations may be made by the Board of Directors, with express power of substitution, at its sole discretion, and therefore without having to once again obtain the approval of the shareholders at a General Shareholders' Meeting, and based on the legal and financial conditions existing at the time of each of the Implementations, in order to offer the Company's shareholders a flexible and efficient remuneration formula.

The shareholders may only elect remuneration option (a) above (i.e. receive the Dividend in question) during the "Common Election Period". The Common Election Period will begin on the same day as the trading period for the free-of-charge allocation rights, and the Board of Directors (with express power of substitution) must establish the specific term of the Common Election Period, which may in no event exceed the term of the period for trading the free-of-charge allocation rights.

Based on their preferences and needs, the Company's shareholders may combine any of the alternatives mentioned in paragraphs (a) through (c) above. In any event, the election of one of the remuneration options automatically excludes the ability to choose either of the other two options regarding the same shares.

As described below (see section 3 below), if the requirements of section 277 of the Companies Act to distribute the Interim Dividend are not met within the framework of the Second Implementation, the Company will make an irrevocable commitment to acquire the free-of-charge allocation rights arising from the second Increase in Capital at a guaranteed fixed price upon the terms and conditions described below (the "Purchase Commitment" and the "Fixed Purchase Price", respectively). In this case, the shareholders may monetise their free-of-charge allocation rights by transferring them to the Company at the Fixed Purchase Price and thus receive a cash amount equal to the one that the Company would have distributed as the Interim Dividend.

2.1. Gross amount per share to be distributed to the shareholders as a Supplementary Dividend in the First Implementation

The gross amount to be distributed to the shareholders as a Supplementary Dividend for each share of Iberdrola with the right to receive it shall be determined within the context of the First Implementation by the Board of Directors, with express powers of substitution, subject to the terms and conditions set forth in item number seven on the agenda and in this section (the "Supplementary Dividend"). The amount of the Supplementary Dividend shall be calculated in accordance with the terms set forth in this section.

During the Common Election Period for the First Implementation, the Company’s shareholders shall have the ability to expressly choose to receive the Supplementary Dividend with respect to all or part of the shares they own and that are outstanding on the relevant date upon the terms set by the Board of Directors, with express power of substitution, and pursuant to applicable securities clearing and settlement rules. If they choose to receive the
Supplementary Dividend with respect to all or part of their shares, the shareholders shall expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares.

After the Common Election Period for the First Implementation, the Board of Directors, with express power of substitution, shall determine the aggregate gross amount in euros corresponding to the Dividend Payment for the First Implementation (equal to the final amount of the Supplementary Dividend) and shall make payment thereof through the participants in “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR), the Board of Directors being hereby authorised for such purpose, with express power of substitution, to establish the specific date on which the Dividend Payment should occur, to designate the entity that is to act as paying agent, and to take such other steps as may be required or appropriate for the successful completion of the Dividend Payment. Furthermore, after calculating said aggregate gross amount corresponding to the Dividend Payment for the First Implementation, the Board of Directors (with express power of substitution) shall, if applicable, rescind the resolution on distribution of the Supplementary Dividend with respect to the amounts that were not distributed to those shareholders who elected (expressly or implicitly) to receive newly-issued bonus shares of the Company or who have sold their free-of-charge allocation rights on the market.

The free-of-charge allocation rights acquired on the market during the trading period established for this purpose by the Board of Directors shall not give the acquiring parties the right to choose to receive the Supplementary Dividend. Therefore, the new holders of these rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may receive the newly-issued bonus shares to which they are entitled.

Section 4.1 below includes the formula for calculating the gross amount per share corresponding to the Supplementary Dividend.

**2.2. Gross amount per share to be distributed to the shareholders as an Interim Dividend in the Second Implementation**

The gross amount to be distributed as an Interim Dividend, if any, for each share of Iberdrola with the right to receive it shall be as determined by the Board of Directors pursuant to the corresponding resolution to be adopted prior to 31 December 2019 and pursuant to the provisions of section 277 of the Companies Act (the “Interim Dividend”).

During the Common Election Period for the Second Implementation, the Company’s shareholders shall have the ability to expressly choose to receive the Interim Dividend with respect to all or part of the shares they own and that are outstanding on the relevant date upon the terms set by the Board of Directors and pursuant to applicable securities clearing and settlement rules. If they choose to receive the Interim Dividend with respect to all or part of their shares, the shareholders shall expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares.

After the Common Election Period for the Second Implementation, the Board of Directors, with the express power of substitution, shall determine the aggregate gross amount in euros corresponding to the Dividend Payment for the Second Implementation and shall make payment thereof through the participants in “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR). To this end, the Board of Directors (with express power of substitution) shall establish the specific date on which the Dividend Payment should occur, shall designate the entity that is to act as paying agent, and shall take such other steps as may be required or appropriate for the successful completion of the Dividend Payment. Furthermore, after calculating said aggregate gross amount corresponding to the Dividend Payment for the Second Implementation, the Board of Directors (with express power of substitution) shall, if applicable, rescind the resolution on distribution of the Interim Dividend with respect to the amounts that were not distributed to those shareholders who elected (expressly or implicitly) to receive newly-issued bonus shares of the Company or who have sold their free-of-charge allocation rights on the market.

The free-of-charge allocation rights acquired on the market during the trading period established for this purpose by the Board of Directors shall not give the acquiring parties the right to choose to receive the Interim Dividend. Therefore, the new holders of these rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may choose to receive the newly-issued bonus shares to which they are entitled at the end of the aforementioned trading period.

Without prejudice to the foregoing, if the requirements of section 277 of the Companies Act are not met within the framework of the Second Implementation in order to distribute the Interim Dividend, the Company will make the Purchase Commitment in order for the shareholders to be able to monetise their free-of-charge allocation rights by transferring them to the Company at the Fixed Purchase Price upon the terms and conditions described in section 3 below.
Proposed Resolutions

Section 4.1 below includes the formula for calculating the gross amount per share corresponding to the Interim Dividend.

3. Purchase Commitment within the Framework of the Second Implementation.

If the requirements of section 277 of the *Companies Act* are not met to distribute the Interim Dividend within the framework of the Second Implementation, the Company will make the Purchase Commitment upon the terms described in this section in order to ensure that the shareholders can receive all or part of their remuneration in cash.

As soon as the Company verifies that the requirements of section 277 of the *Companies Act* are not met, it shall communicate this circumstance to the market.

The Fixed Purchase Price shall be calculated by applying the formula used to determine the Interim Dividend (see section 4.1 below), such that the amount that would be received by shareholders choosing this option would be equal to the amount they would have received if it had been possible to distribute the Interim Dividend. The Fixed Purchase Price shall be calculated prior to the commencement of the trading period for the free-of-charge allocation rights of the second Increase in Capital and shall be published as soon as it is determined.

The Purchase Commitment assumed by the Company shall cover the free-of-charge allocation rights received by those who are registered as being entitled thereto in the book-entry records of “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR) on the relevant date pursuant to the securities clearing and settlement rules from time to time in effect. The free-of-charge allocation rights acquired on the market during the trading period established for this purpose by the Board of Directors shall not give the acquiring parties the right to exercise the Purchase Commitment or, therefore, to receive the Fixed Purchase Price. Therefore, the new holders of these rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may choose to receive the newly-issued bonus shares to which they are entitled at the end of the aforementioned trading period.

The Purchase Commitment shall be in effect and may be accepted during such term as is established for these purposes by the Board of Directors (with express power of substitution), and which must in any case be included within the trading period for the free-of-charge allocation rights.

For these purposes, the Company is authorised to acquire said free-of-charge allocation rights, with a maximum limit of all rights issued in relation to the second Increase in Capital, but must in any case comply with applicable legal restrictions from time to time in effect.

The acquisition by the Company of the free-of-charge allocation rights as a result of the Purchase Commitment shall be carried out with a charge to the reserves contemplated in section 303.1 of the *Companies Act*.

The Company shall waive the new shares corresponding to the free-of-charge allocation rights that it has acquired by application of the Purchase Commitment. In such an event, pursuant to the provisions of section 311 of the *Companies Act*, there will be an incomplete allocation of the Increase in Capital corresponding to the Second Implementation, and share capital shall be increased solely by the amount corresponding to the free-of-charge allocation rights that have not been waived.

The amount of each of the Increases in Capital shall be the amount resulting from multiplying: (a) the nominal value of each share of the Company, equal to seventy-five euro cents, by (b) the total determinable number of new shares of the Company to be issued, in accordance with the formula set forth in section 4.1 below, on the date of each of the Implementations (the new shares of the Company issued by way of implementation of each of the Increases in Capital shall be collectively referred to as the “New Shares”, and each one, individually, as a “New Share”).

Both Increases in Capital shall be carried out, if at all, by means of the issuance and flotation, on their respective dates of implementation, of the New Shares, which shall be ordinary shares having a nominal value of seventy-five euro cents each, of the same class and series as those currently outstanding, represented by book entries.

The Increases in Capital shall be entirely carried out with a charge to the reserves contemplated in section 303.1 of the *Companies Act*. When implementing each of the Increases in Capital, the Board of Directors, with express power of substitution, shall determine the reserve(s) to be used and the amount of such reserve(s) in accordance with the balance sheet used as a basis for the transaction.
Proposed Resolutions

The New Shares shall be issued at par, i.e. at their nominal value of seventy-five euro cents, without a share premium, and shall be allocated without charge to the shareholders of the Company who have opted for this remuneration alternative.

Pursuant to the provisions of section 311 of the Companies Act, the possibility of an incomplete allocation of the Increases in Capital is contemplated in the event that the Company, a company within its group, a shareholder or a third party waives all or part of the free-of-charge allocation rights to which they are entitled at the time of implementation of each of the Increases in Capital, for which reason, in the event of such waiver, the share capital shall be increased by the corresponding amount. For these purposes, it shall be deemed that those who have chosen to receive their remuneration in cash by means of collecting the Dividend in question with respect to all or part of their shares expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares, upon the terms and conditions set forth herein.

4.1 New Shares to Be Issued in each of the Increases in Capital.

The maximum number of New Shares to be issued in each of the Increases in Capital shall be the number resulting from the application of the following formula, with the resulting number being rounded to the next lower integer:

\[ \text{NNS} = \frac{\text{TNShrs.}}{\text{Num. rights}} \]

where:

\[ \text{NNS} = \text{Number of New Shares to be issued within the framework of the relevant Increase in Capital}; \]

\[ \text{TNShrs.} = \text{Number of shares of the Company outstanding on the date that the Board of Directors, with express power of substitution, resolves to implement the relevant Increase in Capital}; \]

\[ \text{Num. rights} = \text{Number of free-of-charge allocation rights required for the allocation of one New Share within the framework of the relevant Increase in Capital, which number will result from the application of the following formula, with the result being rounded to the next higher integer:} \]

\[ \text{Num. rights} = \frac{\text{TNShrs.}}{\text{Provisional number of shares}} \]

where:

\[ \text{Provisional number of shares} = \frac{\text{Amount of the Option}}{\text{ListPri}} \]

For these purposes, "Amount of the Option" shall mean the maximum reference market value of the relevant Increase in Capital to be set by the Board of Directors, with express power of substitution, and which shall not be greater than the amount referred to in the proposed increase in capital resolutions submitted for the approval of the shareholders at the General Shareholders’ Meeting under items number eight and nine on the agenda (i.e. 1,520 and 1,235 million euros, respectively).

For its part, "ListPri" shall be the arithmetic mean of the average weighted listing prices of the Company’s shares on the Bilbao, Madrid, Barcelona and Valencia Stock Exchanges through the Automated Quotation System (Sistema de Interconexión Bursátil) (Continuous Market) during the five trading sessions prior to the relevant resolution adopted by the Board of Directors (with express power of substitution) which determines the number of free-of-charge allocation rights needed for the allocation of one New Share in the relevant Increase in Capital, rounded to the closest one-thousandth part of one euro.

Furthermore, the gross amount per share of the Dividend in question, or if compliance with the requirements of section 277 of the Companies Act is not verified in Second Implementation, the Fixed Purchase Price per free-of-charge allocation right will be that which results from the application of the following formula:

\[ \text{Dividend (or, if applicable, Fixed Purchase Price)} = \frac{\text{ListPri}}{\text{(Num. rights} +1)} \]

4.2 Free-of-charge Allocation Rights.

In each of the Increases in Capital, each outstanding share of the Company on the date of implementation of the corresponding Increase in Capital (TNShrs.) shall grant its holder one free-of-charge allocation right.

The number of free-of-charge allocation rights required to receive one New Share in each of the Increases in Capital shall be automatically determined according to the ratio existing between the number of outstanding shares
of the Company on the date of implementation of the relevant Increase in Capital (TNShrs.) and the provisional number of New Shares, calculated by using the formula contained in section 4.1 above. Specifically, the holders of free-of-charge allocation rights shall be entitled to receive one New Share for the number of free-of-charge allocation rights held by them, which shall be determined as provided in section 4.1 above (Num. rights).

In the event that the number of free-of-charge allocation rights required for the allocation of one New Share (Num. rights) multiplied by the number of New Shares to be issued (NNS) results in a number that is lower than the number of outstanding shares of the Company on the date of implementation of the corresponding Increase in Capital (TNShrs.), the Company (or such entity within its group, if any, as holds shares of the Company) shall waive a number of free-of-charge allocation rights equal to the difference between both figures for the sole purpose that the number of New Shares be a whole number and not a fraction.

The free-of-charge allocation rights shall be allocated to those who are registered as being entitled thereto in the book-entry records of “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR) on the relevant date pursuant to the securities clearing and settlement rules from time to time in effect.

The free-of-charge allocation rights shall be transferable upon the same terms as the shares from which they derive. The free-of-charge allocation rights may be traded on the market during such term as is established by the Board of Directors (with express power of substitution) in implementing the relevant Increase in Capital, which term shall not be less than fifteen calendar days. During such term, a sufficient number of free-of-charge allocation rights may be acquired on the market in the proportion required to receive New Shares. Notwithstanding the foregoing, the free-of-charge allocation rights acquired on the market during the trading period established for this purpose shall not give the acquiring party the right to choose to receive the corresponding Dividend (or, if applicable, to exercise the Purchase Commitment and receive the Fixed Purchase Price). Therefore, the new holders of these free-of-charge allocation rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may choose to receive the newly-issued bonus shares to which they are entitled at the end of the aforementioned trading period.

Therefore, during the trading period for the free-of-charge allocation rights, subject to any other terms and conditions established by the Board of Directors, with express power of substitution, the holders of the free-of-charge allocation rights may choose between:

(a) receiving their remuneration in New Shares, in which case, at the end of the trading period they shall be allocated the New Shares to which they are entitled pursuant to the terms and conditions of the implementation of the Increase in Capital in question;

(b) transferring all or part of their free-of-charge allocation rights on the market, in which case the consideration that the holders of the free-of-charge allocation rights will receive for the sale thereof will depend on the listing price of said rights; or

(c) only during the Common Election Period determined by the Board of Directors (with express power of substitution), receiving their remuneration in cash by collecting the corresponding Dividend (or, if applicable, by collecting the Fixed Purchase Price), for which purpose the shareholders shall be required to make an express election in this regard. The shareholders may choose to receive their cash remuneration with respect to all or part of their shares.

In this case, it shall be deemed that those choosing to receive their remuneration in cash with respect to all or part of their shares expressly, automatically and irrevocably waive the free-of-charge allocation rights corresponding to said shares and the ability to transfer them on the market. To this end, the participants in “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR) will block said free-of-charge allocation rights, which may not be transferred on the market and which shall automatically expire at the end of the trading period, without the holders thereof being entitled to receive New Shares.

As mentioned above, the free-of-charge allocation rights acquired on the market during the trading period established for this purpose shall not give the acquiring parties the right to choose to receive the Dividend (nor, if applicable, the Fixed Purchase Price). Therefore, the new holders of these rights may only monetise their investment through the sale thereof on the market during said trading period that has been activated for this purpose. Alternatively, they may choose to receive the newly-issued bonus shares to which they are entitled at the end of the aforementioned trading period.

Based on their preferences and needs, the Company’s shareholders may combine any of the alternatives mentioned in paragraphs (a) through (c) above with respect to different groups of shares that each of them own.
4.3 Balance Sheet for the Transaction and Reserve with a Charge to which the Increases in Capital are Carried Out.

The balance sheet used as a basis for the two Increases in Capital is the one for the financial year ended 31 December 2018, duly audited and submitted to the shareholders for approval at this General Shareholders’ Meeting under item number one on the agenda.

The Increases in Capital shall be entirely carried out with a charge to the reserves contemplated in section 303.1 of the Companies Act. When implementing each of the Increases in Capital, the Board of Directors, with express power of substitution, shall determine the reserve(s) to be used and the amount of such reserve(s) in accordance with the balance sheet used as a basis for the transaction.

4.4 Representation of the New Shares.

The New Shares shall be represented by book entries, the book-entry registration of which is entrusted to “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR) and its participants.

4.5 Rights Attaching to the New Shares.

As from the date on which the relevant Increase in Capital is declared to be subscribed and paid up, the New Shares shall grant the holders thereof the same financial, voting and like rights as the ordinary shares of the Company then outstanding.

4.6 Shares on Deposit.

Once the period for trading the free-of-charge allocation rights during each of the Increases in Capital has ended, the New Shares that could not be allocated for reasons not attributable to the Company shall be kept on deposit for those who provide evidence that they are the lawful holders of the corresponding free-of-charge allocation rights. Once three years have passed from the end of each of the periods for trading the free-of-charge allocation rights, the New Shares issued by virtue of the relevant Increase in Capital that are still pending allocation may be sold in accordance with the provisions of section 117 of the Companies Act, at the expense and peril of the interested parties. The cash amount from such sale shall be deposited with Banco de España or with Caja General de Depósitos at the disposal of the interested parties.

4.7 Application for Admission to Trading.

The Company shall make application for trading the New Shares to be issued as a consequence of each of the Increases in Capital on the Bilbao, Madrid, Barcelona and Valencia Stock Exchanges, through the Automated Quotation System (Sistema de Interconexión Bursátil) (Continuous Market), and shall carry out such acts and formalities as are required and submit the documents needed to the appropriate bodies for admission to trading of the New Shares issued as a result of each of the approved Increases in Capital, with an express statement for the record of the Company’s submission to the rules that may now or hereafter exist with respect to Stock Exchange matters, and especially regarding trading, continued trading and removal from trading on official markets.

A subsequent request for removal from trading of the shares of the Company shall be adopted with the same formalities as those that apply to the application for trading and, in such event, the interests of the shareholders opposing or not voting on the resolution to remove shall be safeguarded, in compliance with the requirements set out in applicable law at such time.

Within a period of one year from the date of approval of this resolution, the Board of Directors, with express power of substitution, may set the date on which each of the Implementations must be carried out and set the terms and conditions thereof as to all matters not provided for in this resolution (including, in particular, the Amount of the Option corresponding to each of the Implementations and the Supplementary Dividend).

Furthermore, it is expected that prior to 31 December 2019, the Board of Directors will determine the Interim Dividend to be paid for purposes of the Second Implementation as well as the other conditions applicable to the Interim Dividend, pursuant to the provisions of section 277 of the Companies Act. To this end, and in accordance with the provisions of section 161 of the Companies Act, the shareholders acting at this General Shareholders’ Meeting hereby instruct the Board of Directors, if the requirements established in section 277 of the Companies Act are met, to approve the distribution of the Interim Dividend and set the terms and conditions applicable to the corresponding Dividend Payment, all in order to carry out the Second Implementation.
Notwithstanding the foregoing, if the Board of Directors, with express power of substitution, does not deem it advisable to carry out one or both Implementations, in whole or in part, within the aforementioned period, it may refrain from doing so, with the duty to inform the shareholders thereof at the next General Shareholders’ Meeting.

Specifically, the Board of Directors, with express power of substitution, shall analyse and take into account the market conditions, the circumstances of the Company itself or those deriving from an event that has social or financial significance for the Company, and if these or other factors make it inadvisable, in its opinion, to carry out one or both Implementations, it may refrain from doing so. In addition, the resolutions of the shareholders at this General Shareholders’ Meeting relating to the Supplementary Dividend and to the Increases in Capital shall be deprived of any and all effect in the event that the Board of Directors does not exercise the powers delegated thereto, or in the case of the Second Implementation, does not approve the distribution of the Interim Dividend or honour the Purchase Commitment (if the requirements of section 277 of the Companies Act are not met) within a period of one year from approval of the resolutions.

Once the period for trading the free-of-charge allocation rights corresponding to each of the Increases in Capital has ended, the following shall apply:

(a) The New Shares shall be allocated to those who, according to the book-entry records maintained by “Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal” (IBERCLEAR) and its participants, are the holders of free-of-charge allocation rights in the proportion resulting from section 4 above due to not having waived them upon the terms set forth above.

(b) The period for trading the free-of-charge allocation rights shall be declared to have ended and the appropriation of the account(s) with a charge to which the relevant Increase in Capital will be implemented shall be formalised on the books in the respective amount, with which appropriation the Increase in Capital will be paid up.

(c) The Company shall pay the Supplementary Dividend or the Interim Dividend (or, if the requirements of section 277 of the Companies Act are not met within the framework of the Second Implementation, the Fixed Purchase Price), as applicable, to the shareholders that have expressly chosen to receive it within the period and subject to the terms and conditions determined for these purposes by the Board of Directors, pursuant to the provisions of section 2 above.

Likewise, once each of the periods for trading the free-of-charge allocation rights has ended, the Board of Directors, with express power of substitution, shall adopt the resolutions required to amend the By-Laws so that they reflect the new amount of the share capital and the number of shares resulting from the implementation of the relevant Increase in Capital, and to make application for trading of the resulting New Shares on the Bilbao, Madrid, Barcelona and Valencia Stock Exchanges, through the Automated Quotation System (Continuous Market).

In particular, and by way of example only, the following powers are delegated to the Board of Directors, with express power of substitution:

(a) To set the date on which each of the Implementations must be carried out, which shall in any case be within a period of one year from the approval of this resolution, and to determine the specific schedule for each of the Implementations.

(b) As regards each of the Implementations, to set the Amount of the Option, the amount of the Supplementary Dividend (in the case of the First Implementation), the number of New Shares and the number of free-of-charge allocation rights necessary for the allocation of one New Share, applying the rules established by this resolution for such purpose.

(c) To determine the reserve(s), among those contemplated in this resolution, with a charge to which each of the Increases in Capital will be implemented.

(d) To designate the company or companies that will assume the duties of agent and/or financial adviser in connection with each of the Implementations, and sign all required contracts and documents for such purpose. In particular, to appoint the entity that must act as paying agent in each of the Dividend Payments.

(e) To set the duration of the periods for trading the free-of-charge allocation rights corresponding to each of the Increases in Capital.
(f) As regards each of the Implementations, to set the specific duration of the Common Election Period and the terms and conditions under which the shareholders may state their preferences regarding the receipt of their remuneration (in cash or in New Shares).

(g) After the Common Election Period for each Implementation, to determine the aggregate gross amount in euros corresponding to the Dividend Payment in question and to make payment thereof through the participants in "Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal" (IBERCLEAR).

(h) To declare the Increases in Capital to be closed and implemented, for such purpose setting the number of New Shares actually allocated in each of them, and therefore the amount by which the Company’s share capital must be increased in accordance with the rules established by the shareholders at this General Shareholders’ Meeting, as well as declare, if applicable, the existence of an incomplete allocation of each of the Increases in Capital.

(i) To rescind the resolution on distribution of the corresponding Dividend with respect to the amounts that were not distributed to those shareholders who elected (expressly or implicitly) to receive New Shares.

(j) In the case of the First Implementation, to determine the aggregate total amount to be distributed as a dividend with a charge to the results for the financial year ended 31 December 2018 pursuant to the provisions of item number seven on the agenda (i.e. the final amount of the Supplementary Dividend), to specify, in view of said amount, the amount of the total basis for distribution established in said item on the agenda to be allocated to remainder, and to complete the resulting proposed application of profits/losses and distribution of the dividend for financial year 2018.

(k) In the case of the First Implementation and if the Board of Directors, with express power of substitution, does not deem it appropriate to implement the First Implementation, in whole or in part, during said period, to determine the aggregate total amount to be distributed as a dividend with a charge to the results for the financial year ended 31 December 2018 pursuant to the provisions of item number seven on the agenda, to specify the amount of the total basis for distribution established in said item on the agenda to be allocated to remainder, and to complete the resulting proposed application of profits/losses and distribution of the dividend for financial year 2018.

(l) To amend the article of the By-Laws setting the share capital such that it reflects the amount of share capital and the number of outstanding shares resulting from the implementation of the relevant Increase in Capital.

(m) To waive any free-of-charge allocation rights to subscribe for New Shares in each of the Increases in Capital, for the sole purpose of facilitating that the number of New Shares be a whole number and not a fraction.

(n) If the Purchase Commitment must be honoured within the framework of the Second Implementation due to the requirements of section 277 of the Companies Act for the distribution of the Interim Dividend not having been met, to determine the acquisition by the Company of the corresponding free-of-charge allocation rights, set the period of time during which the Purchase Commitment will be in effect (within the limits established in these resolutions), honour the Purchase Commitment by paying the corresponding amounts to the shareholders who have accepted said commitment, waive the free-of-charge allocation rights owned by the company at the end of the trading period of the Second Implementation as a result of the Purchase Commitment, and thus the New Shares corresponding to such rights, and take any other measures or actions needed to fully honour the Purchase Commitment.

(o) To take all steps required for the New Shares to be included in the book-entry records of "Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal" (IBERCLEAR) and admitted to trading on the Bilbao, Madrid, Barcelona and Valencia Stock Exchanges through the Automated Quotation System (Continuous Market) after each of the Increases in Capital.

(p) To take any actions that are necessary or appropriate to implement and formalise each of the Increases in Capital before any Spanish or foreign public or private entities or agencies, including acts for purposes of representation, supplementation, or correction of defects or omissions that might prevent or hinder the full effectiveness of the foregoing resolutions.

7. Sample Calculation relating to the First Implementation.

Set out below, solely for purposes of facilitating an understanding of the application hereof, is a sample calculation, in the case of the First Implementation, of the maximum number of new shares to be issued in the increase in capital submitted for the approval of the shareholders at the General Shareholders’ Meeting under item number eight on the agenda, of the maximum nominal value of such increase, of the number of free-of-charge allocation rights required for the allocation of one new share and of the Dividend (which in this First Implementation would be equal to the Supplementary Dividend).
The results of these calculations are not representative of those that might be obtained, which, in the case of the First Implementation, will depend on the different variables used in the formulas (basically, the listing price of Iberdrola shares at that time (ListPri) and the Amount of the Option, as determined by the Board of Directors (with express power of substitution) in exercise of the power delegated by the shareholders at the General Shareholders' Meeting).

Solely for the purposes of this example:

- The Amount of the Option is 1,281 million euros.
- The TNShrs. is 6,240,000,000\(^1\).
- A ListPri of 7.182 euros is assumed (solely for the purposes of this example, the listing price of the Iberdrola shares at the closing of the trading session of 8 February 2019 has been used as a reference).

Therefore:

Therefore:

(i) The maximum number of shares to be issued in the First Implementation would be 178,285,714.

(ii) The maximum nominal amount of the increase in capital submitted for approval of the shareholders at the General Shareholders’ Meeting under item number eight on the agenda would be 133,714,285.50 euros (178,285,714 \times 0.75).

(iii) 35 free-of-charge allocation rights (or old shares) would be necessary for the allocation of one new share.\(^2\)

(iv) In this example, the Supplementary Dividend would be equal to 0.200 euros (gross) per share.

---

\(^{1}\) For purposes of this example, it is assumed that this would be the total number of shares of the Company outstanding after the implementation of the reduction in capital provided for in the resolution corresponding to item number ten on the agenda if it is implemented in the total maximum amount thereof (i.e. 280,457,000 shares).

\(^{2}\) In this example, the Company (or an entity of its group that holds shares of the Company) would be required to waive 10 free-of-charge allocation rights corresponding to 10 own shares in order for the number of shares to be issued to be an integer.
ITEM NUMBER TEN ON THE AGENDA

Approval of a reduction in capital by means of the retirement of a maximum of 280,457,000 own shares (4.30% of the share capital).

RESOLUTION

1. Reduction in Capital by means of the Retirement of Both Currently Existing Own Shares in Treasury and of Own Shares to Be Acquired through the Settlement of Derivatives Acquired prior to the Formulation of this Proposed Resolution through a Buy-back Programme for the Retirement thereof.

To reduce the share capital of IBERDROLA, S.A. (the “Company”) by the amount resulting from the sum of:

i. 109,070,542.50 euros, through the retirement of 145,427,390 currently existing own shares in treasury as at 18 February 2019, each with a nominal value of seventy-five euro cents, acquired under the authorisation granted by the shareholders at the General Shareholders’ Meeting held on 13 April 2018 under item twelve on the agenda and within the limits established by section 146 and related provisions and section 509 of the Companies Act (the “Existing Treasury Shares”); and

ii. the aggregate nominal value, up to the maximum amount of 101,272,207.50 euros, of the own shares of the Company, each with a nominal value of seventy-five euro cents, up to a limit of 135,029,610 own shares (the “Overall Limit”), that are acquired for their retirement both through the settlement, no later than 14 June 2019, of the derivatives acquired by the Company prior to 19 February 2019 as well as under the programme for the buy-back of up to 135,029,610 own shares that will be in effect until no later than 14 June 2019, approved by the Board of Directors on 19 February 2019 (the “Buy-back Programme”), under (a) the provisions of Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse and of Commission Delegated Regulation (EU) No 2016/1052 of 8 March 2016 supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council on market abuse with regard to regulatory technical standards for the conditions applicable to buy-back programmes and stabilisation measures, and (b) the authorisation granted by the shareholders at the General Shareholders’ Meeting held on 13 April 2018 under item twelve on the agenda.

Consequently, the maximum amount of the reduction in capital (the “Reduction in Capital”) shall be 210,342,750 euros, through the retirement of a maximum of 280,457,000 own shares, each with a nominal value of seventy-five euro cents, representing not more than 4.30% of the share capital at the time this resolution is approved.

As set out below, the final amount of the Reduction in Capital will be set by the Company’s Board of Directors (with express power of substitution) depending upon the final number of shares acquired as a result of both the settlement of the derivatives acquired by the Company prior to 19 February 2019 and within the framework of the Buy-back Programme, provided they do not exceed the Overall Limit. Otherwise, there will be a retirement of all of the shares acquired pursuant to the Buy-back Programme as well as of the number of shares acquired as a result of the settlement of the derivatives acquired by the Company prior to 19 February 2019 equal to the difference between the Overall Limit and the shares acquired in implementation of the Buy-back Programme, and the remaining treasury shares will not be retired.

2. Procedure for Acquisition of the Shares that Will Be Retired under the Buy-back Programme.

Without prejudice to the Existing Treasury Shares, and in accordance with the resolution approved by the Board of Directors at its meeting of 19 February 2019, the Company may acquire a maximum number of 135,029,610 own shares by way of implementation of the Buy-back Programme for all of the shareholders and for their retirement, each of such own shares having a nominal value of seventy-five euro cents and representing a maximum of 2.07% of the share capital of the Company on the date of approval of this resolution, which number is within the legal limit and the limit provided for in the authorisation for the acquisition of own shares granted by the shareholders at the General Shareholders’ Meeting held on 13 April 2018 under item twelve on the agenda.

As provided in the aforementioned resolution of the Board of Directors, the own shares shall be acquired subject to such terms as to price and volume as are established in article 5 of Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse and in Commission Delegated Regulation (EU) No 2016/1052 of 8 March 2016 supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council with regard to regulatory technical standards for the conditions applicable to buy-back programmes and stabilisation measures.

In accordance with the foregoing, pursuant to section 340.3 of the Companies Act, if the Company fails to acquire the maximum number of 135,029,610 own shares, each with a nominal value of seventy-five euro cents, both through the settlement, no later than 14 June 2019, of the derivatives acquired by the Company prior to 19 February 2019 and
under the Buy-back Programme, it shall be understood that the share capital is reduced by the sum of (i) the amount corresponding to the Existing Treasury Shares, and (ii) the amount corresponding to the sum of the shares effectively acquired pursuant to the settlement, no later than 14 June 2019, of the derivatives acquired by the Company prior to 19 February 2019 and within the framework of the Buy-back Programme.

3. Procedure for the Reduction and Reserves with a Charge to which It Is Carried Out.

Pursuant to the provisions of section 342 of the Companies Act, the Reduction in Capital must be implemented within one month following the expiration of the Buy-back Programme.

The Reduction in Capital does not entail a return of contributions to the shareholders because the Company itself is the holder of the shares being retired, and it shall be carried out with a charge to unrestricted reserves by funding a retired capital reserve in an amount equal to the nominal value of the retired shares; such reserve may only be used by complying with the same requirements as those applicable to a reduction in share capital, as provided by section 335 c) of the Companies Act.

Therefore, in accordance with the provisions of such section, creditors of the Company will not be entitled to assert the right of objection contemplated by section 334 of the Companies Act in connection with the Reduction in Capital.

4. Ratification of Resolutions of the Board of Directors.

To ratify the resolutions of the Board of Directors regarding the approval of the Buy-back Programme and the establishment of the terms and conditions thereof, including the determination of the maximum number of shares to be acquired within the framework and the effective period thereof, as well as to ratify the acts, statements and formalities carried out through the date hereof in connection with the public communication of the Buy-back Programme.

To delegate to the Board of Directors, with express power of substitution, the powers necessary to implement this resolution within a period not to exceed one month following the expiration of the Buy-back Programme, with authority to establish any terms that are not expressly set forth in this resolution or that are a consequence hereof. In particular, and by way of example only, the following powers are delegated to the Board of Directors, with express power of substitution:

(a) To modify the maximum number of shares that may be bought back by the Company, within the limits set in this resolution and by law, as well as any other terms and conditions of the Buy-back Programme, all in accordance with the provisions of Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse and in Commission Delegated Regulation (EU) No 2016/1052 of 8 March 2016 supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council on market abuse with regard to regulatory technical standards for the conditions applicable to buy-back programmes and stabilisation measures.

(b) To perform any acts, make any statements or take any steps that may be required in connection with the public communication of the Buy-back Programme and with the formalities, if any, that must be carried out at Spanish regulatory agencies and Stock Exchanges; negotiate, agree to and sign all contracts, agreements, commitments or instructions that may be necessary or appropriate for the successful completion of the Buy-back Programme.

(c) To cause all announcements required by law to be published, acquire the shares under the Buy-back Programme and retire them within one month following the expiration of the Buy-back Programme, in accordance with the terms approved herein.

(d) To declare the approved Reduction in Capital to be completed and implemented, establishing, for such purpose, the final number of shares that must be retired and, as a result, the amount by which the share capital of the Company must be reduced in accordance with the rules specified in this resolution.

(e) To set the final amount of the Reduction in Capital based on the provisions of this resolution and establish any other terms that may be required to implement it, all in accordance with the terms and conditions set forth above.

(f) To amend the article of the By-Laws setting the share capital such that it reflects the amount of share capital and the number of outstanding shares resulting from the implementation of the Reduction in Capital.

(g) To take such steps and carry out such formalities as may be required and submit such documents as may be necessary to the competent bodies such that, once the shares of the Company have been retired and the notarial instrument for the Reduction in Capital has been executed and registered with the Commercial Registry, the retired shares are delisted from the Bilbao, Madrid, Barcelona and Valencia Stock Exchanges, through the Automated
Quotation System (Continuous Market), and they are removed from the corresponding book-entry registers of "Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal" (IBERCLEAR).

(h) To perform all acts that may be necessary or appropriate to implement and formalise the Reduction in Capital before any Spanish or foreign public or private entities and agencies, including acts for purposes of representation, supplementation or correction of defects or omissions that might prevent or hinder the full effectiveness of the foregoing resolutions.

Pursuant to the provisions of section 249.2 of the Companies Act, the Board of Directors is expressly authorised to further delegate the powers referred to in this resolution.
