

SUSTAINABLE MOBILITY

EVERY 100 KM

Installation of more than 200 fast recharging stations — one every 100 km — on the country's main motorways, covering all the provincial capitals.

RAPID CHARGING

Recharges between 20 and 30 minutes (fast and super fast) and between 5 and 10 minutes in the ultra-fast points.

A REALITY IN 2020

Nearly 2,000 fast chargers (installed or in development) on public roads in Spain.

SUSTAINABLE MOBILITY

150,000 electric car recharging points in homes, work centres and on urban and interurban roads in Spain.

ACCESSIBLE BY MOBILE PHONE

Whether or not you are an Iberdrola customer, you will be able to geolocate, book and pay for your recharges using your mobile phone.
