THE SDGs, PART OF THE IBERDROLA’S GROUP BUSINESS STRATEGY

1. NO POVERTY

- Iberdrola has signed agreements with public administrations and NGOs to prevent interrupting power supplies to customers in a situation of vulnerability. The agreements now cover 100% of customers.

2. QUALITY EDUCATION

- The company’s contribution to this goal is materialized in 2019 through the investment of 8.8 million euros, in addition to promoting corporate training, with 55 hours of training per employee in 2019, in addition to its corporate volunteering projects, and the work of its foundations.

3. GOOD HEALTH AND WELL-BEING

- The company has set a target of zero accidents. In order to achieve this target, it has a Strategic Occupational Health and Safety Plan.
- Social Program 2020: a total of 33 projects in collaboration with 47 entities in the call for submissions in 2019, with 85,000 beneficiaries. Of this, 42% is allocated to relieving poverty and marginalisation, prioritising the fight against child poverty.

4. CLEAN WATER AND SANITATION

- Iberdrola positioned as one of the utilities with the best water productivity (revenues/water used).
- The company endorses the United Nations’ CEO Water Mandate to encourage sustainable practices in the use of water.
- It has endorsed CDP Water since its first edition.
- The Iberdrola group makes every effort to use water rationally and sustainably and tackle the risks related with its scarcity.

5. DECENT WORK AND ECONOMIC GROWTH

- The global value created by Iberdrola’s strategy and business model leads to social and economic development over time:
  - 35,120 direct jobs.
  - 400,000 direct and indirect jobs around the world.
  - More than 14,000 M€ in tax contributions in 2019.
  - 20,000 M€ in purchases in 2019.

6. AFFORDABLE AND CLEAN ENERGY

- “Electricity for all” program: 7,000,000 beneficiaries in total (2019).
- World leader in renewables: 17.8 GW of installed capacity in 2019.
- Energy efficiency: 65.9 million tons of CO2 emissions prevented in the last three years.
- A pioneer in Socially Responsible Investments, it has become the largest corporate issuer of green bonds in the world, with 9,992 million euros issued since 2014.

7. INDUSTRY, INNOVATION AND INFRASTRUCTURE

- Iberdrola is the most innovative Spanish utility and the third in the world with the largest volume of resources allocated to R+D+I. In 2019, R+D+I investment totalled around 280 million euros.
- World leaders in smart grids: launch of the STAR+ project in Spain.
- Iberdrola Sustainability Mobility Plan, with over 20 measures.
- 2022 Digital Plan: more than 4,800 million euros.

8. RESPONSIBLE CONSUMPTION AND PRODUCTION

- 79% of Iberdrola’s energy production uses local energy sources available in the country in which the electricity is generated.
- Iberdrola was the first company listed in the IBEX 35 to certify its General Shareholders’ Meeting as a sustainable event in 2016, in compliance with the ISO 20121 international standard, and it was the first to renew the certificate in 2019.

9. CLIMATE ACTION

- The company’s CO2 emissions are already 58% below the industry average in the European electrical sector (European assets of the main utilities 2018).
- Iberdrola has undertaken to become carbon neutral by 2050.
- Iberdrola has set out to close all of its coal-fired power plants.

10. LIFE ON LAND

- The company runs biodiversity protection programs in the countries in which it operates.
- It is a member of the Biodiversity Pact, promoted by the Biodiversity Foundation with the aim of highlighting the Company’s commitment to preserving the environment and the sustainable use of biodiversity.
- Iberdrola obtains the first AENOR certificate for its Corporate Environmental Footprint.
- Iberdrola Mexico receives PROFEPÁ’s Environmental Excellence award thanks to its effort in the Garapatas Estuary (Altamira III and IV Combined Cycle Plants) and Feline Support projects (Altamira III and IV and Altamira V).

11. PARTNERSHIPS FOR THE GOALS

- Iberdrola is a member of and/or takes part in programs and initiatives both at the global level and in the different countries in which it operates.
- Corporate volunteering campaign: The SDGs and me.
- Iberdrola renews its support to the Women’s Universe program of the Higher Council for Sport, by means of sponsoring 15 Spanish federations. Likewise, the Women, Health and Sport Initiative includes events held in different Spanish cities to promote women’s sport.
- Iberdrola joins the youth initiative of the UN’s Spanish Sustainable Development Solutions Network (SDSN Youth).

Data at the close of Fiscal year 2019.
