

1.1 Iberdrola Today

Our activities

- Production of electricity from renewable and conventional sources.
- Purchase/sale of electricity and gas on wholesale markets.
- Transmission and distribution of electricity.
- Supply of electricity, gas and related energy services.
- Other activities, mainly linked to the energy sector.

Presence focused on the Atlantic area

Iberdrola carries out its activities mainly in the five countries of the Atlantic area: Spain, the United Kingdom, the United States, Brazil and Mexico.

What we are

Following the process of internationalisation in recent years, Iberdrola is now one of the leading electric companies, and among the largest utilities in the world by stock market capitalisation.

The corporate and governance structure is described in chapter 5.1 of this report and consists of:

- Iberdrola, as a holding company.
- Country subholding companies in the 5 main geographic areas of activity.
- Head of business companies reporting to the country subholding companies.

Iberdrola is one of the leading electric utilities in the world.
